

### Roaring River Club In March Meeting

The Roaring River Home Demonstration Club met March 17th, at 2 p. m. in the home of Mrs. D. H. Blackburn. Because of the flu epidemic there were only 12 members and one visitor. The meeting called to order by the President, Mrs. Dan Hudson, then Mrs. C. G. Johnson led in the

singing, devotionals heard, minutes read and roll call, by the Secretary Mrs. G. W. Scroggs, each answering by telling what she had done in yard, or home improvement since our February meeting. We were happy to learn some work was done and more being planned, we enjoy seeing our community interested in such activities.

The Poultry Project Leader, Mrs. Clarence Elmore gave a short discussion on poultry and the egg show was omitted.

The Poultry Project Leader, Mrs. Everette Holbrook gave a very interesting talk on narcissus, roses and shrubs. Information she had obtained from Mr. John Harris.

The Garden Project Leader, Mrs. Ted Carpenter gave a short report on household pests, and vegetable insects, such as flies, ants, mosquitoes, cockroaches, silver fish, termites, moths, Mexican bean beetle etc. Information she had gathered at a special meeting in the Home Agent's of-

A radically new idea in electric range design has been introduced by Frigidaire in this compact, 30-inch "Thrifty-30" model equipped with a giant oven that stretches clear across the porcelain-finished cabinet. The big oven will bake six pies or 10 loaves of bread at once, and is heavily insulated for most economical operation. In addition, this smartly-styled range is equipped with four new "flat-top" cooking units, a waist-high broiler and automatic oven controls, cooking lamp, appliance outlet and super-size utensil drawer.

Office given by Mr. T. M. Dobronsky, extension entomologist, from State College, Raleigh.

Mrs. Dan Hudson, clothing project leader, gave our lesson on "Mirror Mirror On The Wall". She stressed the importance of personal appearance, giving some points that go to make appearances attractive, such as health as the foundation. Good posture, exercise, fresh air, sunshine, rest, sleep, water, and good food habits, are essential for good health. Daily baths, care of skin, hands, hair, and teeth were discussed by Mrs. Hudson. She demonstrated the correct use of cosmetics, how to brush teeth correctly, and the importance of good posture. We're hoping to see the benefits of this demonstration in the future.

During the social hour a stork shower was presented to Mrs. C. G. Johnson. The hostess assisted by her two daughters, Dorothy and Ilene served delicious refreshments. Our April meeting will be held at the home of Mrs.

Clyde Ward, on April 21, 2:00 p. m. Make plans now to attend—Reported.
