

APPALACHIAN TO HAVE FINE ARTS BUILDING

Boone — Shown here is the architect's sketch of the fine arts building now under construction at Appalachian State Teachers college. Containing complete facilities for the music and art departments, the building will cover 31,346 square feet, with a frontage of 281.6 feet. It is being built at a cost of more than \$300,000, and is the third in a series of building projects costing \$3,500,000 for which the State Legislature already has appropriated the money.

Driver License Rush Imminent

Driver's License Examiner Marvin Warren of North Wilkesboro, said today that he will have to examine approximately 30 persons per day for driver's and chauffeur's licenses between now and June 30 if he is to complete

the list of persons eligible for renewals in this section.

All persons whose last names begin with N, O, P, and Q and 11 drivers of hire vehicles must have new licenses on or before June 30. In an effort to avoid a last minute rush, the Department of Motor Vehicles, began issuing chauffeur's licenses on May 1 this year instead of on May 15, as in the past.

Examiner Warren stated, how-

ever, that chauffeurs in this section have been slow to report to his station for examination. Approximately one-third of the N through Q drivers also must be examined in the next month and a half, he added. An examiner seldom can give more than 20 tests per day which means that a rush can be expected as the June 30 deadline nears and extra help will have to be sought from other sources.

The daily schedule for Exam-

Miss Addie Malone Has Demonstrations With Home Clubs

During the month of May, Wilkes County Home Demonstration clubs had the privilege of having Miss Addie Malone of the Duke Power Company demonstrate the correct methods of freezing foods. Miss Malone discussed home freezers and the various packaging materials now available for home use. She then prepared meats, fruits, and vegetables for freezing. These foods were placed in the new eleven-cubic-foot International Harvester home freezer, which was given to the county home demonstration kitchen for use through the generosity of G. Sam Winters. The club women are very grateful to Mr. Winters for the use of this freezer. It makes it possible for all to have these same foods later in a follow-up demonstration on cooking frozen foods. All are looking forward to having Miss Malone visit the clubs again when she will prepare dinners using these frozen foods. The clubs had grand attendance for these instructive demonstrations.

Examiner Warren will be as follows: North Wilkesboro, Monday and Tuesday; Taylorsville, Wednesday and Thursday; North Wilkesboro, Friday.

Examiner Warren will begin tests for R, S, and T drivers on July 1.

\$450 LESS THAN ANY OTHER V-8

ONLY LOW-PRICED CAR WITH A V-TYPE ENGINE

Yes, only in cars costing hundreds higher can you equal Ford's V-type power. In fact this Ford V-8—the type of engine used in America's costliest cars—is yours for hundreds less than most "sixes." (And Ford's "Six" is yours for even less money.)

"TEST DRIVE" THE ONE FINE CAR IN THE LOW-PRICE FIELD!

'50 FORD

IT'S THE "BIG ECONOMY PACKAGE"

With all its quality, Ford's an economical car to buy and to own. Your present car probably covers the down payment. Quality keeps Ford's upkeep and maintenance cost down. And with Ford's fine car coachwork, you can expect a higher resale price.

"YOU CAN EVEN HEAR ITS QUALITY"

New super-fitted pistons, a new "silent-spin" fan and the new hushed timing gear bring you power at a whisper. Even the body has been "sound-conditioned" to bring you this new quality quiet.

SEE...HEAR...and FEEL its fine car quality at your FORD DEALER'S
