## RIDES "LIKE A MILLION" DELIVERS FOR ONLY \$2029<sup>00</sup>

**POWER?** Sure! Here's a whole bonnetful of Fireball straight-eight power.

**Room?** Plenty—in big, sofa-wide seats and generous room for elbows and shoulders.

**Style?** Well take a look—see anything on the road today that is so smart, so sleek, so quickly spotted?

But that's just a start in this beauty. Here you're going to meet the "ride of a lifetime"—smooth, level-going comfort in the quite matchless Buick manner.

Just see why this is so:  
Most cars have coil springs in front. Buick has them all around.

Most cars now ride on low-pressure tires. Buick adds to them Safety-Ride rims to cut heel-over and sway.

Most cars drive through the rear springs, which means they have to be stiff. Buick drives through a firm torque-tube that takes up driving thrust and roughness.

And no other car—no, not a single one—has all these comfort extras plus husky frames plus Hi-Poised engine mountings plus middle-of-the-car seating plus the extra silkiness of Dyna-flow Drive.\* \*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Optional equipment, state and local taxes, if any; additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

Worth something? You bet it is! But it's riding luxury that doesn't show up in the price tags. Figures start at levels lower than on many sixes—yet every Buick has this matchless array of ride features.

Better come learn about them—by firsthand trial. Can you see your Buick dealer today?

WHATEVER YOUR PRICE RANGE
