

MANY SURVIVE CANCER
 According to the State Health Department in Connecticut, 61 per cent of cancer patients were alive one year after treatment, and nearly 40 per cent survived.

Life Savings Of Recluse Totals \$1,410

Elkin, June 29 — The life savings of an elderly recluse, found dead Monday afternoon, was recovered from the walls, the clothing and parts of her secluded home near Dobson. The cache amounted to \$1410.89.

The search for her belongings was made after Mrs. Julie Layell was found dead Monday by two neighbors who said she had been missing since Saturday. The coroner said there was no sign of violence.

County officials and kin, searching the house, found the savings in various places. All except 89 cents was in bills ranging from \$1 to \$50. Most bills bore the signature of Secretary of the Treasury, Henry Morgenthau. Some signatures were later.

There were 410 one-dollar bills, 27 ten-dollar bills, 66 five-dollar bills, 10 twenty-dollar bills, and four fifty-dollar bills.

Two Of Sparta Drown In Pond

Two young Sparta boys were drowned Sunday while swimming in a pond near Sparta.

Odell Creed, 20, son of Mr. and Mrs. Lindsay Creed and Daynard Pruitt, 15, son of Mrs. Allen Evans, both of Sparta, were both dead before help could arrive. Children standing on the bank of the pond said that apparently Creed suffered a cramp and drowned and that Pruitt drowned in the attempt to save his companion.

Neighbors, hearing the screams of the swimmers, and children arrived too late to prevent the tragedy, which occurred around 6:30 p. m. Creed's body lay in 14 feet of water for 40 minutes before Billy Carroll Choate found him. Pruitt's body was not recovered until two hours later, when the pond was partially drained to aid the search.

In 1947 it was estimated that 20 per cent of Connecticut's drivers caused 80 per cent of the state's auto accidents.

The two largest railroad shops in the world—a car wheel foundry and a roundhouse—are located in Altoona, Pa.
