ANODYNE COUGH DROPS.

Already has experience demonstrated the fact, that much pain and distress are prevented in the family circles by the using of a few select medicines; besides, it is the means, very frequently, of saving Doctor's bill. Quite in advance of anything hereofore offered, have Dr. Little's Pharmaceutical Medicines succeeded in curing the diseases for which they are prescribed. For instance, his Anodyne Cough Drops have really cured more cases, and given more universal satisfaction, than any other known. For proof, he has more statements of its great utility from persons of the first respectability residing in different parts of the country as designated, than he can afford to publish or even wishes to crowd into his new pamphlet, besides the many instances of its success otherwise that might be referred to. The medicine never fails to cure or benefit immediately any case of Coughs, Colds, Deepseated Coughs, or Consumptive Diseases and Asth ma, also Whooping Cough, Croup, Colds and Inlammatory Fever among children. This remedy is pleasant to take, and is no humbug of a balsam or foreign extract, but is an extensive compound

upon scientific principles. Dr. LITTLE-Sir: In my own case of a most vio ent cough of several weeks standing last winter, I was cured entirely by your Anodyne Cough Drops, in taking less than one bottle. After the first dos or two I felt greatly relieved, and had but little more pain or trouble with it in any way. A week or two previous I took a bottle of the Balsam of Wild Cherry, without being much benefitted.

Respectfully, W. TAYLOR. [Signed] Bibb County, July, 1848.

HEAR HIM YE SICK! NO MEDICINE BUT HAMPTON'S VEGETABLE TINCTURE EVER HAD SUCH A MASS OF TES-

TIMONY. REV. VERNON ESKRIDGE, U. S. N. PORTSMOUTH, Va., Aug. 18, 1851.

Mr. J. E. Boush-Dear Sir :- While I am in general opposed to Patent Medicines candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far, as my experi-ence extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy. I am, respectfully, yours, VERNON ESKRIDGE,

Chaplain U. S. Navy. COUGH VERTIGO.-Rheumatism, of years standing, cured. Testimony of one of our

best known citizens: BALTIMORE, Feb. 9th, 1852. MESSRS. MORTIMER & MOWBRAY-Gentlemen:-It with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hamp-ton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so, but getting no better, I was induced to try your Tincture. I got one bottle, and before I had used it all my cough had left me. Permit me also to state that for the last fifteen years I have suffered very much from Acute Rheumatism and Vertigo, confining me at times to my bed. I am fully convinced that I owe my present good health to the use of the Tincture and a kind Providence.

You are, my friends, at liberty to use this as you may think proper, and believe me Yours, very respectfully. N. B. I can be seen at any time at the Mayor's

A MONUMENT From whose base to the top tand out in bold relief the names of our own citi zens who have been restored to health by Hamp ton's Vegetable Tincture, a medicine that cures more than nineteen out of every twenty who try it. We have certificates from Hon Henry Clay, and R. M. Johnson-one from Captain Canot, brother to the eminent Physician to the President of the French Republic, who was cured of a Rheumatism of 7 years standing—also, one from Robert Gault, Rheumatism 7 years. Mr. Oldham, Balt Custom House, dreadful case of Dyspepsia, and from hundreds of others. All must admit there never has been such a mass of testimony given in favor of any other medicine, which is so pleasant and taken in such small quantities.

MOST WONDERFUL: The following certificate s from an eminent Lawyer of Kentucy, who is known in all of the States, having for a number o years represented his State in Congress: It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy Albert. The patient was three years old, and had the Scrofula-(his father is scrofulous.) The boy was a moving mass of sores from head to foot—the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrible mattering ulcers, that protruded over the eye-ball so as to produce blindness. It is strange yet true, this child, that I felt resigned to die as a relief from suffering, has been restored to health under the treatment of Dr. Hampton. W. P. THOMASSON.

R. A. EZELL, A. M. Principal, J. D. NICHOLS, A. B. Ass't Instructor. THE Fall session will commence on Monday, the 5th of July. Boys desiring to avail themselves of the advantages of the school are particularly requested to be present at the formation of the classes in the first week of the term. Charge is made, however, only from the period of admis-

This is a Select School, established by, and under the independent control of the Principal, who has had a successful experience of more than twenty years duration in the education and government of Southern Boys. The Academy has been recently erected on his own Lot, in a quiet and retired portion of the village, and surrounded by a handsome

fortable. In the Select Classical and Mathematical School, Boys are taught to THINK, and are furnished with the best means for prosecuting their studies. The memory is cultivated, but not at the expense of mental discipline: and boys are taught to rely chiefly upon their own powers for improvement and success in scholarship. They are required THOROUGHLY TO COMPREHEND and, when necessary, SATISFACTORILY TO EXPLAIN what they recite.-Their training is calculated to make them UNBER-STAND THE PRINCIPLES of the various branches of vate Physician to the King of Prussia, and one of science which they study, and to qualify them for severer and more elevated duties. In fine, the FOUNDATION is made strong and steadfast, as upon this must rest the entire superstructure of their education. Boys are fitted for the higher classes of any College in the Union and for the useful pursuits of life.

Mr. Nichols, the able and accomplished coadjutor of the Principal, completed his education at Dartmouth and Yale Colleges, at each of which he spent two years previously to his graduating in 1843. Since that period, he has been constantly employed in teaching, except for a short time when he was employed as a Civil Engineer, in the service of the U. S. Government. Amongst the testimonials which he brought with him, are found those of the MOST EMINENT TEACHERS in the Union, to which may now be added the fact that he taught THE Subscriber would respectfully say to the in the school, the last term, with marked success French Language.

In the commencement, it is of absolute importance in view of a speedy ours, that a full dose of pills be taken at once, because the humors which produce disease of this class, are always of the most malignant, poisonous quality, and no safety to life exists while any portion remains in the bow-els or the blood. Should the first dose not cure, be not alarmed, but reiterate that dose. Should the evacuations be very putrid, of bad oder, unnatural color, &c. &c., besides using four or six pills twice a day, take also, a tea spoonful of powdered charcoal, in water, every day while these symptoms continue. Let your diet be light, and of easy digestion, as arrow root, rice, pudding, Indian meal gruel; also, sheep's head broth with rice and a piece of cinnamon boiled in it, or calves head broth. Sheep's head makes the best diet if it be boiled until the bones are clean. As a rule, the first dose of pills cures when timely used. Sometimes three or four doses may be necessary. There are eases in which it takes weeks to cure, but they do not occur once in a thousand times. In any event, no medicine or plan of treatment is better than that above recommended, or will sooner cure. So soon as the irritating matters are removed, so soon you will be well, and not before. Anodynes and astringents have a deleterious effect; because they occasion the retention of that death principle which alone causes dysentery, diarrhoea, cholera, and all other diseases, according to its excess over the prin-ciple of life. But Brandreth's Pills are opposed to this as water is to fire, or as heat is to cold; and when they are taken into a man, they go to work boldly to drive this death principle from the body, and all they can do-but if there be werk for fifty

work of fifty. And this truth should always be kept in mind. Let not the patients frighten themselves with the idea that they are too weak to bear much purging, but bear in mind that these mildly operating Pills of Dr. Brandreth put not weakness into the frame, but draw weakness out, leaving strength in its place and gives composing sleep at night, and an appetite

The Editor said, Dec. 22d. "Dr. Hoofland's Celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bit-ters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances .-We are speaking from experience, and to the af-

flicted we advise their use," "Scott's WEEKLY," one of the best Literary papers published, said, August 25-"Dr. Hoofland's German Bitters manufactured by Dr. Jackson, are now recommended by some of the Ox, thus forming an Artificial Digestice Fluid, most prominent members of the faculty, as an ar- and Perfect Substitute for it. DR. HOOFLAND'S GERMAN BITTERS. "It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised abou for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself." Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its Teachers, nor to be absent from his room, which is favor, is, that there is more of it used in the practice of the regular physicians of Philadelphia, than all other nostrums combined—a fact that can be easily established, and fully proving that a scientific preparation will meet with their quiet approval
