marks are necessary, to complete their information. The Hotel, itself, possesses all the requirements of room and comfort, which its purchasers can desire. It has capacity for the accommodation of one hundred and fifty boarders, and the recent and rapid growth of the University, adjacent, makes it an

easy matter to possess constantly such or even a greater number of students. In addition to this, the frequent travel through Chapel Hill gives the Hotel, (being the only one in the place) a transient custom equal to any in the State.

The lots and stables adjoining are extensive and 2dcommodious and the country-market supplies abundantly and on profitable terms much of its provi-2dsions.

The terms of sale require one third of the price to be paid on taking possession. A note with safe security and time of payment suited to the convenience of the purchaser, are the reasonable demands for the remainder.

If further information be desired concerning the inducements to purchase, the President of the University or any other resident of the village, will furnish it. Possession can be obtained at any time, after the

Important to Millers and Millowners

THE Undersigned would respectfully inform those engaged in the Milling business in North Carolina, that he keeps constantly on hand, and will supply at the shortest notice, that almost invaluable article.

Young's Improved Patent Smut and Screening Machine.

The only Machine of the kind that has stood the supplanted every Smut Machine yet offered in the State, more or less of which have been taken down sengers. Each ship is supplied with splendid sato make room for it. The public need fear no im- loons and state-rooms for passengers. position, as there are now some 280 Machines running in North Carolina ; and I wish to offer no other references than the gentlemen who are using them. whose expectations have been more than realized in their performance. It not only thoroughly cleanses the Wheat of Smut, but also purifies it of all other substances, almost to perfection. It takes up but 4 feet square in the mill and requires but little power. It is warranted for five years against breaking or wearing out, and also to retain its cleansing qualities for that time.

There are a number of these Machines through which 100,000 bushels of Wheat have been cleansed and they have never been out of order one day. There was awarded to it the Premium of the Maryland State Fair, and a Premium with a silver medal, at the Fair of the Maryland Institute, at Baltimore, last Fall.
