Petersburg, March 16, 1852. ANODYNE COUGH DROPS. Already has experience demonstrated the fac-

int much pain and distress are prevented in the amily circles by the using of a few select medicines; esides, it is the means, very frequently, of saving Doctor's bill. Quite in advance of anything hereofore offered, have Dr. Little's Pharmaceutical Melicines succeeded in curing the diseases for which they are prescribed. For instance, his Anodyne ough Drops have really cured more cases, and given more universal satisfaction, than any other known. For proof, he has more statements of its great utility from persons of the first respectability residing in different parts of the country as designated, then he can afford to publish or even wishes to crowd into his new pamphlet, besides the many stances of its success otherwise that might be reerred to. The medicing never fails to cure or benfit immediately any case of Coughs, Colds, Deepented Coughs, or Consumptive Diseases and Asth na, also Whooping Cough, Croup, Colds and Inannuatory Fever among children. This remedy pleasant to take, and is no humbug of a balsam or foreign extract, but is an extensive compound

mon scientific principles. Dr. LITTLE-Sir: In my own case of a most vioent cough of several weeks standing last winter, I was cured entirely by your Anodyne Cough Drops, n taking less than one bottle. After the first dose or two I felt greatly relieved, and had but little nore pain or trouble with it in any way. A week r two previous I took a bottle of the Balsam of Wild Cherry, without being much benefitted.

NO MEDICINE BUT HAMPTON'S VEGETABLE vers .-- Dysentary and Diarrhoa. IN the commencement, it is of absolute importance in view of a speedy cure, that a full dose f pills be taken at once, because the humors which produce disease of this class, are always of the most malignant, poisonous quality, and no safety to life exists while any portion remains in the bowels or the blood. Should the first dose not cure, be not alarmed, but reiterate that dose. Should the evacuations be very putrid, of bad odor, unnatural color, &c. &c., besides using four or six pills twice a day, take also, a tea spoonful of powdered charcoal, in water, every day while these symptoms continue. Let your diet be light, and of easy digestion, as arrow root, rice, pudding, Indian meal gruel; also, sheep's head broth with rice and a piece of cinnamon boiled in it, or calves head broth. Sheep's head makes the best diet if it be boiled until the bones are clean. As a rale, the first dose of pills cures when timely used. Sometimes three or four doses may be necessary. There are cases in which it takes weeks to cure, but they do not occur once in a thousand times. In any event, no medicine or plan of treatment is better than that above recommended, or will sooner cure. So soon sion the retention of that death principle which a-

"Dr. Hoofland's Celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and cure sometimes, but at all times and in all diseases can be used by persons with the most delicate stomachs with safety, under any circumstances .-
