TO Physicians Throughout the UNITED STATES. DEEMING it necessary to remain a regular member of the Medical profession, of the established Medical properties of Pure Holland Gin, in many diseases of tropical tendency, I respectfully invite your attention to a very superior article, manufactured by myself exclusively, at Schiedam, in Holland, by a process peculiar to my own factory. It is flavored and medicated, but by the common health berry, but by the choice botanical variety of the aromatic Italian Juniper Berry, whose more virtuous extract is distilled and rectified with its spirituous solvent, and thus becomes a concentrated tincture, of exquisite Flavor and aroma, altogether transcendent, in its cordial and medicinal properties, to any Holland's Gin heretofore known in this country. Amid the influx of inferior distillations with which the country is flooded, physicians find no little difficulty in procuring a good and pure Gin, which they can procure with confidence in its beneficial effects. As an importer of twenty years' standing, in the City of New York, and possessing a matured experience in the manufacture of HOLLAND GIN especially, I beg to submit to your attention my "AROMATIC SCHIEDAM SUIPERA," as one which cannot fail to realize your most expectations, and I shall be happy to forward to you a bottle of it, free of charge, in answer to a letter estimating your readiness to accept it. It is now one year since I have prepared and distributed my SCHIEDAM GIN exclusively for medicinal purposes, yet, within a brief period, I have received one thousand letters, both from physicians and patients, testifying to its really extraordinary efficacy in Gravel, Incontinent Dropsy, and affections of the Kidneys and Bladder generally; and I have no doubt that it would yield similar results, with precision and certainty, in your own professional experience. Put up in pint and quart bottles with my name upon the bottle, cork and label, with an Essay upon its properties. This article should be in the hands of every Traveller. UDOLPHO WOLFE, Importer, No. 23, BEAVER STREET, New York, December 29, 1852.

TO Physicians Throughout the UNITED STATES. DEEMING it necessary to remain a regular member of the Medical profession, of the established Medical properties of Pure Holland Gin, in many diseases of tropical tendency, I respectfully invite your attention to a very superior article, manufactured by myself exclusively, at Schiedam, in Holland, by a process peculiar to my own factory. It is flavored and medicated, but by the common health berry, but by the choice botanical variety of the aromatic Italian Juniper Berry, whose more virtuous extract is distilled and rectified with its spirituous solvent, and thus becomes a concentrated tincture, of exquisite Flavor and aroma, altogether transcendent, in its cordial and medicinal properties, to any Holland's Gin heretofore known in this country. Amid the influx of inferior distillations with which the country is flooded, physicians find no little difficulty in procuring a good and pure Gin, which they can procure with confidence in its beneficial effects. As an importer of twenty years' standing, in the City of New York, and possessing a matured experience in the manufacture of HOLLAND GIN especially, I beg to submit to your attention my "AROMATIC SCHIEDAM SUIPERA," as one which cannot fail to realize your most expectations, and I shall be happy to forward to you a bottle of it, free of charge, in answer to a letter estimating your readiness to accept it. It is now one year since I have prepared and distributed my SCHIEDAM GIN exclusively for medicinal purposes, yet, within a brief period, I have received one thousand letters, both from physicians and patients, testifying to its really extraordinary efficacy in Gravel, Incontinent Dropsy, and affections of the Kidneys and Bladder generally; and I have no doubt that it would yield similar results, with precision and certainty, in your own professional experience. Put up in pint and quart bottles with my name upon the bottle, cork and label, with an Essay upon its properties. This article should be in the hands of every Traveller. UDOLPHO WOLFE, Importer, No. 23, BEAVER STREET, New York, December 29, 1852.

Important to Millers and Mill-owners! The undersigned would respectfully inform those engaged in the Milling business in North Carolina, that he keeps constantly on hand, and will supply at the shortest notice, that almost invaluable article, Young's Improved Patent Saut and Screening Machine. There are a number of these Machines which have stood the test and given satisfaction to the public. It has supplanted every Saut Machine yet offered in the State, and the mill owner which have been taken down to make room for it. The public need fear no imposition, as there are now some 280 Machines now in operation in North Carolina; and I wish to offer no other recommendation than that of the many who are satisfied with their performance. It not only thoroughly cleanses the Wheat of Saut, but also purifies it of all other substances, almost to perfection. It takes up but 4 feet square in the mill and requires but little power. It is warranted for five years against breaking or wearing out, and also to retain its cleansing qualities for that time. There are a number of these Machines through which 100,000 bushels of Wheat have been cleaned and they have never been out of order one day. There was awarded to the Premium in the Maryland State Fair, and a Premium with a silver medal, at the Fair of the Maryland Institute, at Baltimore, last Fall. Address the Subscriber at South Lowell Mills, Orange County, N. C. JNO. A. McMANNEN, December 25, 1850.

Important to Manufacturers. THE Subscribers are prepared to supply all kinds of COTTON AND WOOLEN MACHINERY, of a superior quality, SHAFETING and MILL GEARING, with improved Couplings and Pulleys, Self-acting Hangers, (which require only once in three months.) LOOMS of a great variety of Patterns, for fancy and Twilled goods, from one to eighteen shuttles; also, plain goods, capable of running from 150 to 170 picks per minute. They are enabled from their extensive improvements, to produce Yarns and goods, with comparatively little labor, and all Manufacturers before purchasing their Machinery, will do well to visit Philadelphia and vicinity, where they can see the Machinery with all the latest improvements, in full and complete operation, at the location of Factories in almost every State South and West by addressing a line to the Subscribers. ALFRED JENKS & SON, Philadelphia, near Philadelphia. N. B. Plans of Factories, with the location of Machinery, the simplest method of driving, and calculation of speed, furnished free of charge.
