AVERY'S DEWING MINUTED PRICE ONLY \$251!

Patented October 19, 1852. TITHIS machine is acknowledged by all who have nsed it to be superior to that of any other Sewing Machine ever invented, for its simplicity, compactness, the beauty and strength of its stitch and its cheapness. It weighs about 25 lbs., and co ts only from \$25 to \$30. It will work, neatly with the smallest thread, the finest muslin, cambric or silk, as well as linen, woolen and cotton goods, and all kinds of leather. It is so simple, that a child of 10 years of age can understand and work it rapidly, without any danger of its getting out of order, and can do the work of more than twenty seamstresses much better in every respect than it can be done by hand. The stitches are independent of each other; so much so, that if every other stitch is cut, the seam still holds good and strong. It is unlike and much better than any other sewing machine ever invented. This machine is peculiary adapted to family and plantation use as it will do all kinds of sewing and when known will be gen-

erally introduced into families and plantations. The Avery Sewing Machine Company have perfected their arrangements for manufacturing on the largest scale, and will supply any number of machines at the shortest notice. Orders addressed to Avery Sewing Machine Co.. 251 Broadway, New York, will receive prompt attention. Jan. 17, 1853.

"Dr. Hoofland's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual e . in having been the means of so greatly allevinand permanent cure of Liver Complaint from the use of this remedy. ' We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances .-We are speaking from experience, and to the af-

flicted we advise their use." "SCOTT'S WEEKLY," one of the best Literary papers published, said, August 25-"Dr. Hoofland's German Bitters manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in case of female weakness. As such is the case, we would advise all mothers to obtain a bottle and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health as we dreds of others. All must admit there never has know from experience the salutary effect that they have upon weak systems." Judge M. M. NOAH, a gentleman of great literary

and scientific attainments, said in his "New York Weekly Messenger," January 5, 1850: "Dr. Hoogland's German Bitters .- Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Pri their conviction of its excellence, and several of the editors speak of its effects from their own in The Pills should be used conjointly with the ual experience. Under these circumstances we feet warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jack-Bad Breasts, Chilblains, Gout, Skin diseases, son's) preparation, but in recommending the article

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its facor, is, that there is more of it used in the practice of the regular physicians of Philadelphia, than all other nostrums combined-a fact that can be easily established, and fully proving that a scientific preparation will meet with their quiet approva. when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and over; it is preferable to calomel in ALL BILIOUS DISEASES; the effect is immediate. BALTIMORE, Feb. 9th, 1852. MESSES. MORTIMER & MOWBRAY-Gentlemen:-It with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so, but getting no better, I was induced to try your Tincture. I got one bottle, and before I had used it all my cough had left me. Permit me also to state that for the last fifteen years I have suffered very much from Acute Rheumatism and Vertigo, confining me at times to my bed. I am fully convinced that I owe my present good health to the use of the Tincture and a kind Providence.

Teachers of Penmanship always direct the Pupils to hold the Pen so that the top will point over the right shoulder, for by so doing the spilt and shades are brought more in a line; but still, when "held and during that time connected with the Virginia tween the split of the pen and the downward Trade,—we say, we flatter ourselves we can offer marks,
