A BNOLD'S PATENT SASH LOCK, OR WIN-DOW FASTENER.-I invite the attention of the citizens of Raleigh, and of the whole State of North Carolinn, to this wonderfully simple, though decidedly the best invention, ever offered them, for keeping their windows either up or down, and now introduced for the first time into this State.

I have just received an assortment of these beautiful little locks, and am prepared to put them on, and will warrant them in every instance to give complete satisfaction. For one quarter of a dollar, you can have your upper sash let down, or lower sash kept up; at any elevation you choose, and when down perfectly safe from any intrusion from without.

As there is no spring, nor any friction about them, they can never get out of order, or wear out. Samples of the locks may always be seen at Mr. JAMES M. TOWLES' Store, where orders left will be attended to immediately. As I expect to leave for Fayetteville and Wilmington soon, I "The Kathairon has fully restored my hair, af- would like to attend to your wishes in my line at once.
