NEW SINGING BOOK PATENT NOTES! THE HARP OF THE SOUTH;

new and extensive collection of church music, BY I. B. WOODBURY, AUTHOR OF THE DULCIMER, LIBER MUSICUS, &c. THIS book embraces many new features, and, it is confidently believed, will be found the most comprehensive, attractive and useful work of the kind ever issued. It has been prepared in answer to numerous calls from the South and the West, and embraces the Gems from all the most

popular round note books in the country, together with much new Music written expressly for its pages. By special arrangement, the right to use the favorite compositions of Lowell Mason, Esq., the distinguished composer and editor, has been obtained, and a careful selection from his very popular works, the Handel and Haydn Societies collection; The Carmina Sacra, of which last work alone over 300 000 copies have been sold,) and others, has been made. Selections have also been made from the works-of Thomas Hastings and William B. Bradbury, Esqs., as well as from the other most distinguished American and Foreign Composers. The choicest pieces have also been inserted from the Dulcimer, by Mr. Woodbury, a work which

has had the astonishing sale of 125,000 copies in the short time since its publication. Some idea of the extent and variety of this work may be given by mentioning that beside a very large number of Psalm and Hymn Tunes of all Meters, Anthems, and Set Pieces, for all occasions, and Revival Hyms, and Music, it also contains a School and Social Circle, and a collection of Secular Pieces, but of a Moral Cast, for the use of singing Schools, &c. To the whole is prefixed the Elements of Music made easy, being a full exposition of the subject, illustrated by numerous Exercises and pleasing pieces for class practice. Teachers, Choristers and others interested are invited to ex-

amine this work. Retail price \$1,00

Sir-At the age of 18, my wife (who is now 61) aught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised, was tried, but without effect-her health suffered severely, and the state of her legs was terrible. I had often read your dvertisements, and advised her to try your Pills and Ointment: and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last fortythree years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly allevia-

Having before healed an awful wound in my own legs by your unrivalled medicine, I determined again to use your Pills and Ointment and therefore gave them a trial in her case and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use, is really astonishing.
