Young's Improved Patent Smut and Screening Machine.

The only Machine of the kind that has stood the test and given satisfaction to the public. It has supplanted every Smut Machine yet offered in the State, more or less of which have been taken down to make room for it. The public need fear no imposition, as there are now some 280 Machines runing in North Carolina ; and I wish to offer no other references than the gentlemen who are using them, whose expectations have been more than realized in their performance: It not only thoroughly cleanses the Wheat of Smut, but also purifies it of all other

substances, almost to perfection. It takes up but 4 feet square in the mill and requires but little pow-It is warranted for five years against breaking er. wearing out, and also to retain its cleansing qualities for that time.

MUTUAL LIFE INSURANCE & TRUST COM-

THIS Company, as its name indicates, is upon the mutual principle, and embraces two distinct departments, to wit : Life Insurance and Trust departments. This attractive combination offers to Policy holders double the ordinary security, without destroying their right to a full participation in the entire profits of the Company. Premiums will be received, in cash, either annually, semi-annually, or quarterly, as may be agreed upon at the time the Policy is issued.

In the TRUST DEPARTMENT, or Deposit Sys tem, the payments made to the Company are entirely optional with the Depositor, as regards the amount and the time at which they are made. A party may pay in as much or as little, (not less than one dollar,) and as often, as may be convenient for him, without any obligation upon him to continue his payments, - and may withdraw them at his pleasure.

So that, on the plan of this Company, there is created at one and the same time an assurance payuble at death-a fund available in sickness-and a provision for old age.
