Dr. Gale's Anodyne Opium,

public favor.

T is a fact well known, that many people are accustomed to buy and use without the advice a physician, many of the preparations of Opium,

as Laudanum, Paregoric, Bateman's Drops, Godfrev's Cordial and the like. The effect of these medicines is generally known

and while they are admitted to possess Anodyne and sedative properties not to be dispensed with, they are still liable to serious objections in many cases and doubtless are often mischievous in their tendency.

The new chemical preparation, now submitted to the public, is believed to possess all their virtues

and even more, without being chargeable with their bad effects-neither is this opinion hastily founded, nor based on limited experience-after a trial of some years in which this remedy has been placed in the hands of eminent physicians, and tried indeed under every variety of circumstance, and in all appropriate cases of disease, it is still be-

lieved to stand unrivalled, not only for its rare medicinal varieties as a preparation of Opium, but for the sfety with which it may be administered.

each successive season our stock has gradually increased until the present time, and now we do a larger business than any other house in Eastern

Virginia. The Ladies' Saloon was first established about 12 years ago, and the Store has been repeatedly altered and enlarged to make room for Mr. AD. DINGTON'S increasing trade, until now the old Store can be no longer enlarged, he has, recently built for himself one of the largest Stores for his business in the United States.

The new Store is four times as large as the old one, so that hereafter we shall be prepared with the goods to do the largest Boot and Shoe trade done in the State of Virginia.

(A complete description of this splendid new Store will be given about the 15th of July, when it will be opened.)

At the commencemcement of each season we have on hand from

\$80,000 to \$100,000 Worth of BOOTS, and SHOES, while we constantly receive heavy shipments of goods during its continuance. Our success has indeed been signal and why ? because we have always conducted our bu-
