HOLLOWAY'S OINTMENT. A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 48 YEAR'S SUPPERING.

Extract of a Letter from Mr. Wm. Galpin, of 70 St. Mary's Street, Weymouth, dated May 15th, 1851. To Professor Holloway: To Professor Hollowar:

Sir—At the age of 18, my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised, was tried, but without effect—her health suffered severely, and the state of her legs was terrible. I had often read your advertisements, and advised her to try your Pills and Ointment: and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legsare painless, without seam or scar, and her sleep sound and undisturbed. Could you have witness-ed the sufferings of my wife during the last fortythree years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow-creatu WILLIAM GALPIN

A Person 70 Years of age cured of a Bad Leg, of 30 Years Standing.
Copy of a Letter from Mr. Wm. Abbs, Builder of Gas Ovens of Rusheliffe, near Huddersfield, dated May 81st, 1851.

To Professor Holloway: Sir-I suffered for a period of thirty years from dents at the Gas Works, accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, Passengers will find every attention paid to their | that few who had not witnessed it would credit the fact.

The truth of this statement can be verified by Mr. W. P. England, Chemist, 13 Market street, A Dreadful Bad Breast Cured in One Month.

Extract of a Letter from Mr. Frederick Turner, of Penhurst, Kent, dated December 13th 1850. To Professor Holloway: Dear Sir-My wife had suffered from bad breasts more than six months, and during the tox Rail Road Company, by 10 e'clock, A. M., on whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own legs by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case and fortunate it was I did so, for in less than a most intense and excruciating. The inflammation had month a perfect cure was effected, and the benefit been so extensive that the whole finger had become the transaction of any business in the City of that various other branches of my family have de- almost a mass of corruption, and the only hope of Raleigh, at the Public Departments, the Banks, In- rived from their use, is really astonishing. I now saving her hand, and perhaps her life, appeared strongly recommend them to all my friends.

Dover, N. H., Jan. 26, 1858. MESSES. A. G. BRAGG & Co.-I had a valuable horse that about three weeks since was wounded severely in his thigh, with a sharp hook, opening a gash three inches in length and an inch or more deep. I tried various articles to heal it, but inflammation getting into it it caused large quantities of matter to collect, and the limb was quite stiff. A friend of mine asked me if I had tried the Mustang Liniment, to which I replied in the negative, but thinking it might do some good, was induced to try it. I had only used one half bottle when the nflammation began to be removed, and the wound to heal. Now it is entirely healed and the hair is growing over the wound, making it look as well as ever. Hoping that others may be benefitted by a trial of your valuable compound, I remain yours, CHAS. E. WHITEHOUSE.

Russell Co., Ala. Feb. 1st, 1853. In justice to the proprietors, and for the benefit of the afflicted, I feel it my duty to state publicly, the remarkable cures that have been effected in my family by the use of the Mustang Liniment.-A Negro of mine had what was called a Bone Felsn, or Whitlow on her middle finger; the pain was to be to have it cut off. As her general health was very delicate, the physician advised us to try the a few days, till she could be sent to a surgeon in Columbus, as it could do no harm and might prevent mortification. To the astonishment of the doctor, and myself, the pain soon ceased, the inflammation subsided, and the wound rapidly healed The finger is now perfectly well and sound! One of my boys was severely burned.—
The skin was entirely taken off from the knee to
the ankle. The Mustang Liniment was freely applied, and nothing else was used The relief and
cure was almost beyond belief—but a short time elapsed before the wounds were perfectly healed I
consider it an invaluable remedy, and it should be
in every family and on every plantation. in every family and on every plantation.

JAS. VAILIPS. In consequence of the increased demand for the Liniment we are now putting up 25 cent, 50 cent and \$1 bottles.
