Female Seminary. THE subscriber proposes to open, on the sec-Ralcigh, a High School for young ladies, under For this purpose, he has purchased the proper-ty formerly owned, and smployed for school pur-poses, by the late Rev. J. J. Finch. It is situated

on Halifax street, a few hundred yards north of the Capitol, in a pleasant and desirable part of the city; sufficiently near to enjoy all the advan-tages of the city, and sufficiently retired to be free from most of its annoyances. He has also purchased an unimproved lot, in the same vicinity,—one of the most eligible and beautiful sites in the city, upon which he intends, as soon as circumstances will admit, to erect large and commodious buildings, with special reference to school purposes. Many circumstances conspire to render Raleigh a most desirable location for a female school. Its proverbial healthfulness; the objects of interest, which attach to it, as the capital of the State; its accessibility by means of railroads; the high character of the institutions it already contains; and its growing importance, giving promise of permanent prosperity, are all circumstances which cannot be overlooked by parents desiring to give their daughters a polite and an ac-

The course of instruction will be thorough; embracing all the branches usually taught in High Schools or Colleges, and diplomas will be granted to those who complete the course. Certificates of graduation will also be given in Music and other Ornamental Branches, to those who attain the requisite proficiency.

The sessions and vacations will be arranged to correspond as nearly as practicable with those of

complished education. The subscriber will be as-

izing both Institutions may have the advantages of sending their sons and daughters together. TERMS PHR SESSION. Primary Department, the use of Instrument, Other Ornamental Branches at the usual prices.

Board including washing fuel, &c.,60 No deduction for absence, after a pupil has entered, except in cases of pretracted sickness. The above terms are as moderate, it is believed, as the expensiveness of living and the facilities, which will be provided, will justify. But experience has taught that Parents, who properly appreciate the education of their children, are more solicitous about the character of the instruction imparted, Hence the prime object will not be to make the

school as cheap as possible, but to render the instruction as efficient as posisble.

The subscriber flatters himself that the experi-Pursuant to an order made at Fall Term A.
