Teeth inserted on this BEAUTIFFE and INDESTRUCTIBLE method infinitely surpass, in elegance and natural appearance, any others that have been heretofore presen ed to the public.

These teeth are cemented to the plate, the cement being as strong as the Teeth. It perfectly fuses to the teeth and plate, forming a solid and continuous Gum, without crack or crevice. This Gum cannot be acted upon even by the most powerful acids, and has a perfectly natural and lifelike appearance; nev r becoming offensive or disagreeable to the wearer, as there is no place for secretions to form.
