PATRIOTIC AND INDIONATION MEETINGS. We have paid very little attention to the assemblages which have been drawn together in dif ferent parts of the country to express their indignation at the seizure of the Black Warrior by the Cuban authorities, and their patrioric and warlike resolves in relation thereto. The following veracious account of a meeting held at Santa Cruz, California; some time last winter, furnished by a correspondent of the San Diego Herald, comprehends the pith and ex cellence of all the Black Warrior meetings, and readers will please to take it as a substitute for the flaming accounts which might have been furnished to them in reference to the latest topic of national excitement:-N. GRAND MASS MEETING AT SANTA CRCZ.

Dear "Herald"-The following "call for a mass meeting appeared posted in several parts of our city on Saturday last:

"Mass Meeting-All the patriotic citizens of this city are invited to attend a mass meeting, to be held at the City Hall, on the evening o Monday the 5th inst., for the purpose of taking into consideration the heroic act of Captain lugraham, in saving the life of an adopted American citizen, if a foreign port ;- snatching him, as it were, from the very jaws of Austrian despotism! The following gentlemeng have been invited to attend, and, it is expected, will address the meeting.

Precisely at eight o'clock the meeting was called to order, and opened by an appropriate prayer from the Rev. Hezekiah Pugh. On the motion of Prof. S. S. Squizzens,

Solomon Pike, Esq., of Missouri, was called to the chair, and seven vice-presidents and a sec retary nominated and elected. The chairman, after a few brief remarks on

the object of the meeting, said, that before proceeding to regular business, he wished to express his regrets at being obliged to state that four of the distinguished foreigners invited found it impossible to attend, viz : the Greek, Italian, Chinese, and Polish exiles.

As some of the notes they had sent to tha effect were rather prolix, he would only read one from Sig. Spozzini, the celebrated Italian, written in his own idiom. He at the same time begged the excuses of his fellow-citizens for the non attendance of the other gentlemen .--Sig Spozzini's note was then read, -- of which the following is a copy : When one is seen in a prison, he is there for

The noble sentiments here so boldly, though briefly expressed, called a loud cheer from the crowd. The chairman then offered a series of resolutions approving of the conduct of Captain Ingraham in the Smyrna affair, and tendering him, on behalf of the people, the freedom of the city of Santa Cruz, in a box, which were received with rounds of applause, and unanimously adopted. "THE FUNERAL OF LITTLE ALICE."

Oh! what a world of suffering-what a trea- D. 1854. for increasing their greatness and power over sure-house of love is compressed into that short sentence ! How it tells of yearning hearts-of stricken bosoms, of the desolate home, once made glad by the music of a child's voice, whose every tone was, to the father's heart, like the

ringing of silver bells ! Can you not almost see the scattered toys around the room ?- the empty crib, the fairy slipper, taken off on that last night when their darling was undressed, and laid down to sleep ? Can you not almost hear the broken baby tones lisp out her evening prayer, and that sweet "Dood night, Papa ?" Can you not almost see the little robe hanging near, which Mama had embroidered for her darling, and which should have been worn "to morrow ?"-the "to-morrow" which never came !

Oh! what an unveiling of heart-loves and of heart aches in that sentence, "The funeral of Little Alice !" How hope and ambition and joy have been all laid down in the grave of that "Little Alice." The Father's pride, which looked forward to the day when she should enjoy the wealth, for which he had patiently toiled through years ; when this babe should have become the accomplished, gifted, beautiful wo-
