FOURTH OF JULY. We have rarely witnessed a more animated celebration of our National Anniversary than that which took place in this City on Tuesday last.

At day break a National salute was fired, and at sunrise, in accordance with an ancient and most esteemed custom, there was Divine service at the Presbyterian Church, accompanied by a suitable Address from the Rev. Mr. McDowell.

At 10 o'clock, a Procession was formed at the Court House, under the direction of Col. R. I. Wynn, Chief Marshal, assisted by the Aids heretofore announced, and marched to the Commons Hall, where, after prayer by the Chaplain of the day, the Farewell Address of Washington was read by James J. Iredell, Esq.

The Whigs passed another tariff bill still providing for and insisting upon distribution, and this second tariff bill Mr. Tyler also vetoed, and in his second veto message, he declared that he would veto any bill that would give the Government the right to stop for the want of the means to keep them going.

At night, Fayetteville street, the Southern front of the Capitol, and the Northern front of the Governor's residence, were illuminated, and there was a splendid display of fire-works, under the efficient and tasteful supervision of Mr. W. H. Thompson.

AS WE EXPECTED!

Mr. T. L. Clingman (formerly a Whig, but now an avowed and open-mouthed loofoofoe), is out in a letter against Gen. Dockery, published by Mr. O's man "Friday" of the Asheville News.

He says that there are one or two points which "may not be considered beneath the dignity of the public's consideration."

INTERNAL IMPROVEMENT—STILL "DODGING."

Mr. BRAGG improves in his double-dealing with reference to the subject of Internal Improvements. The farther you get him to go to it, the more he dodges.

It is much for Mr. Bragg, after a whole life of opposition to Improvements, now to say, that "he is not opposed" to them.

PIERCE AND THE HOMESTEAD BILL.

The loofoofoe Press of this State deny very stoutly, and with an air of indignation, that the President can be induced, in the event of its passage, to give his official sanction to that monstrous scheme of wrong, the Homestead Bill.

N. C. LIFE INSURANCE CO.—We omitted

state in our last, in noticing the transactions of this institution for the year ending June 30, 1854, that the Directors had declared a dividend of twenty per centum, which, as a member entitled to it, and was allowed to the premium note at the next annual renewal.

It will be seen by reference to the statement of the affairs of the "North Carolina Mutual Life Insurance Company," which the Directors have this day submitted for the consideration of its members, at their Annual Meeting, that the condition of this company is not only sound and healthy, but that its transactions are of a most satisfactory character as to warrant the amount of risk on white Policies in future from Five Thousand to Eight Thousand Dollars.
