The Publisher has the pleasure of announcing to the public that Dr. Gunn's Book has been published Fifiteen Years, and during that time nealy Half a Million Copies of his work have been disposed of.

This book points out in plain language, free from doctors terms, the Diseases of Men, Women and Children, and the latest and most improved means used in their cure ; and is intended expressly for the benefit of families. It also contains desriptions of the Medical Roots and Herbs of the nited States, and how they are to be used in the cure of diseases. It is arranged on a new aud simpie plan, by which the practice of medicine is re-

duced to principles of common sense. It does not propose to dispense with physicians, in severe cases. But it does propose to save thousands and tens of thousands annually, by puting the means of cure into every man's hand, and ately. of sa ing many valauble lives (which is of far more importance) by instructing individuals how to check disease in the beginning, before it has acquired too much strength to resist and overcome. Semi-Nautical Bomance of intense interest. A by the Author of the "Pirate Doctor," the 'Lawyer's Story," the "Old Doctor," &c., &c. The success hitherto enjoyed by the author of

the above popular works is a sufficient guarantee of the favor with which any productions coming from his pen will be received by the public. "The Cabin Boy's Story" is a romantic narrative, illustrating the horrors of the Slave Trade, as carried on in the Coast of Africa. The author has served in the Navy-and the descriptions and characters are painted from personal acquaintance with them. The story is as full of exciting interest and adven-

ture as the celebrated work of Defoe, "Robinson Crusoe," and has the advantage over that glorious | work, will be supplied at short notice. fiction, inasmuch as it is founded on facts of every day occurrence. The history of the heroine of ed at Constantinople, educated and married by the reckless, yet chivalric, Seymour, the commander of the Albatross, is simply the narration of a fact painted from the life, and all the numerous char. acters portrayed throughout the story are vividly

and graphically drawn. The publishers have already received orders for the whole of the edition it was originally their intention to publish; consequently, they have been obliged largely to increase it; and they respectful-

rica. PRO and CON, have been numerous, none have appeared having relation to the system of purchasing slaves on the African Coast, written y one who has witnessed it in all its hideous deformity. The work is written in chaste and pure language, and will be a welcome and instructive addition to the family library.

The work will form a beautiful octavo volume of 400 pages, handsomely illustrated with fine engravings, and elegantly bound in cloth. Price. in cloth, one dollar ; in paper, 75 cents, at which rate copies will be sent by the publishers to any part of the country, free of postage.
