AFTER NINE YEARS STANDING Copy of a Letter from Mr. J. W. Langley, of Huntsville, Yadkin County, North Carolina, U. S. dated November 1st, 1853. READ HIS OWN WORDS. To PROPESSOR HOLLOWAY,

Sir :- It is not my wish to become notorious. nether is this letter written for the mere sake of writing, but to say, that your Ointment cured me of one of the most dreadful cutaneous diseases that flesh is heir to, and which was considered by all who knew me, to be entirely beyond the reach of medicine. For nine years I was inflicted with my business, I shall be able to give the most entire one of the most painful and troublesome sore legs every medicine I had ever heard of, I resigned in despair all hope of being cured; but a friend brought me a couple of large pots of your Ointment, which caused the sores on my legs to heal, and I entirely regained my health to my agreeable surprise and delight, and to the astonishment of my friends. ADAMS & CO'S DAILY EXPRESSES,

THE PUBLIC.-The subscriber is pleased to inform the public that his CHOLERA AND DIARRHERA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than say other Medicine ever offered to the public. The following are among many testi-monials of its efficacy.

DR. R. H. WORTHINGTON-DEAR SIR: I take much pleasure in adding my testimeny to others in favor of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquainteness there who were suffering with various forms of Bowel Affections, I gave it freely, and in no transact did it full to afford the most PROMPT AND DECIDED RELIEF as it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calcu-lated to protect mankind and alleviate suffering than any other ever brought before the people. About all the story

This is to certify that, some works hank A securities with a violent Distribut, which persisted for eight days. Being some sixty miles from home I made use of all the remedies I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to-my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, in justice to the Doctor, say consider it MUCH THE MOST VALUABLE MEDICINE I

have used in an experience of twenty years, F. M. CAPEHART. Murfreesboro, N. C.; Oct 2, 1854.

DR. WORTHINGTON-DEAR SIR; I take great easure in recommending your Cholera Medicine o the public and more especially since I have had personal experience and observation of its benefi-

ial effects. I have tried several remedies put up for Cholers. to, but have never found such happy results from any as from your invaluable remedy. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without a supply with me; and I regard it as one of the most raluable discoveries of the age. Yours, very truly,

WINDSOR, N. C., Sept. 19, 1854. Dr. R. H. WORTHINGTON -- Dear Sir. I have made some effort, and have succeeded in introdusing your Medicine to the public, and I find it is taking very well indeed; and the result is, that have nearly sold what you sent me. I therefore, wish you would send me some more as soon as you can. \* \* \* I have not the slightest doubt but that this Medicine is the very best remedy out for the disease for which it is recommended. I hope you will soon send me a supply, as I would not like to get entirely out of it.

Yours, tru'y, GEORGE W. McGLAUGHON.

[From the Murfreesboro' Gazette.] TORS- In lo number of the Gazette, I found a communication from our friend, Mr. L. P. Spiers, roommending Dr. B. H. Worthington's Cholers Mixture to the public, for the cure of diarrhosa, dysentery, and other kindred diseases. Having experience in my own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every tamily as an invaluable remedy, and every individual to procure a bottle and keep it by them in these times of R. R. PARKER. cholers. Murfreesboro, Aug. 30th, 1864.

This is to certify that I have used Dr. R. H. Worthington's Cholora medicine in my family for the last four or five weeks, in several cases of Bowel Complaint, so common in our vicinity, with a negro child, some four or ave months old, who was so emsciated by the effects of the disease, that its life was nearly despaired of, when my wife happened to think that she would try the Choiers dedicine, and did so with complete success in less than forty-eight hours. —I am throughly of opinion that no family should be without so fine a medicine Given under my hand, this 3rd day of October, A. W. DARDEN.

MURYERSBORO' N C.

Dr. R. H. Worthington. It affords us pleasure to say that we have used your Cholera Biarrhosa medicine for the last twelve nths, and have found it invariably successful, relieving speedily the cases in which we have had occasion to use it. We entertain a high appreciation of its ralue, and have no hesitation in expressing the opinion that it will prove to be a valuable family medicine.

AYER'S PILLS.

NEW and singularly successful remedy for the cure of all Bilious diseases — Costiveness, Indior cure of all Billous diseases — Costveness, Indigestion. Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medivery few are the diseases in which a Purgative Medicine is not more or less required, and much sick ness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which lead the heaves all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An sors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cure have been effected beyond belief, were they not sub-stantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Fills we may mantion: Dr. A. A. Haves, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high Professional character is endorsed by the
How. Edward Everett, Senator of the D. S.
Robert C. Winthrop, Ex-Speaker of the House Representatives.
ABBOTT LAWRENCE, Minister Plen. to England.

† JOHN B. FITEPATRICE, Cath. Bishop of Boston. Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hon. W. L. Marcy, Secretary of State. WM. B. Aston, the richest man in America. S. Leland & Co., Propr's of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have

been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medialne known to the model.

medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their convocation was known. few would be taken if their composition was known!
Their life consists in their mystery. I have no

mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many em-inent Physicians have declared the same thing of ment raysmans have declared the same thing of my Fills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.
