AND LIVER AND BILIOUS COMPLAINTS. The citizens of the Union suffer much from disorders of the Liver and Stomach; scarcely any are free from the influence of these destructive maladies, hence life wears fast. The fair sex, perhaps the most handsome in the World, up to a certain period when, distressing to say many loose their teeth and good looks, while yet in the heyday of life, such sad evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, health and life can be prolonged for many years beyond their ordinary limits, if Holloway's Pills ceiver. are taken to purify the blood according to the rules laid down for health contained in the directions which accompany each box.

AYER'S

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bow-els. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruc-tion or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins: for, in truth, all these are but the comand Loins; for, in truth, all these are but the conand Loins; for, in truth, all these are out the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Ervsipelas, Palpitation of the Heart, Pains in the Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be facely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appe-tite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but un-necessary dosing should never be carried too far, as every purgative medicine reduces the strength,

hitherto been available to mankind. When then virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions see wrapper on the Box. PREPARED BY JAMES C. AYER, Practical and Analytical Chemist, LOWELL, MASS.

AYER'S CHERRY PECTORAL, For the rapid Cure of COUGHS. COLDS. HOARSENESS. BRONCHITIS, WHOOPING-COUGH,

CONSUMPTION. from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate.
