TTO THE PUBLIC.—The subscriber is pleased to inform the public that his CHOLERA AND DIARRHŒA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more sati-factory to all who have used it, than any other Medicine ever offered to the public. The following are smong many testimonials of its efficacy .

I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely. and in no INSTANCE did it fail to afford the Most PROMPT AND DECIDED RELIEF as it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a wiclent Dierrhoes, which persisted for eight days. Being some sirty miles from home. I made use of all the remedies I could think of, but without affording any relief. On srriving at home, I was informed that Dr. R. H. from the Murireesboro' Gazette. Massas. Editors. In looking over the last number of the Gazette, I found a communication from our friend Mr. L. P. Spiers, reommending Dr. R. H. Worthington's Cholers Mixture to the public, for the cure of diarrhosa, dysentery, and other kindred diseases. Having experience in my own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every family as an invaluable remedy, and every individual to procure a hottle and keep it by them in these times of R. R. PARKER. Murfreesboro, Aug. 20th, 1854.

This is to certify that I have used Dr. R. H. A NEW and singularly successful remedy for the A cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbe, Female Complaints, &c., &c. Infleed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sick ness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fstal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and produce the deep seated and formidable distempors which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention

DR. A. A. HAYSS, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high sional character is endorsed by the Hon. EDWARD EVERETT, Senator of the U. S. Rosser C. WINTHROP, Rx-Speaker of the House Representatives. ABBOTT LAWRENCE, Minister Plen. to England. + JOHN B. FITEPATRICK, Cath. Bishop of Boston.

Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hon. W. L. MARCY, Secretary of State. WM. B. ASTOR, the richest man in America. S. LELAND & Co., Propr's of the Metropolitan Hotel, and others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than

the experience of eminent public men is ound in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the test and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been tained by any process. The reason is perfectly obery medicine is burdened with more or less of acmonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obities of each substance employed are left behind, the surative virtues only being retained. Hence it is self-evident the effects should prove us they have proved more purely remedial, and the Phise surer,

more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition supplied the accurate Formulæ hy which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British Amer ican Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address. Of all the Patent Medicines that are offered, how

few would be taken if their composition was known Their life consists in their mystery. I have no The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful nedicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are will ng to certify that their anticipations were more than realized by their effects upon trial. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action - remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from
