TTO THE PUBLIC.—The subscriber is pleased

to inform the public that his CHOLERA AND DIARRHOEA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever effered to the public. The following are among many testimonials of its efficacy .

Hinton, Esq. Wake Co. N. C. J. B. G. to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in No INSTANCE did it fail to afford the MOST PROMPT AND DECIDED RELIEF as it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than say other ever brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a violent Diarrhoes, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, in justice to the Doctor, say consider it much the most valuable medicine have used in an experience of twenty years. Having experience in my own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. AYER'S PILLS A NEW and singularly successful remedy for the cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, Complete March 1988, 19 and Limbs, Female Complaints, &c., &c. Indeed very few are the diseases in which a Purgative Medicine is not more or less required, and much sick ness and suffering might be prevented, if a harm-less but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cure effected beyond belief, were they not sub-

stantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have estified in favor of these Pills, we may mention: DR. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endoteed by the Hen. EDWARD EVERNIT, Senator of the D. S. ROBERT C. WINTHROP, Ex-Speaker of the House

ABBOTT LAWRENCE, Minister Plen, to England. JOHN B. FITZPATRICK, Cath. Bishop of Boston. Also, DR. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hon. W. L. Marcy, Secretary of State. WM. B. ASTOR, the richest man in America.

S. LELAND & Co., Propr's of the Metropolitan Hotel, and others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found

in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science oan afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together n such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acri monious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other

medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was psonounced by scientific men to be a wonderful medicine before its effects were known. Many em-A Physicians have declared the same thing of

They operate by their powerful influence on the internal viscera to purify the blood and stimulate is into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being surely vegetable, no harm can arise from their use in any quantity.

acres,) which has been set apart for Hotel purpo-

Ocean View is celebrated far and wide for the beauty of its position on Lynhaven Beach at the outlet of Chesapeake Bay-sits noble reach of shore, its delightful surf-bathing-its refreshing seabreezes-und its grand and impressive view of Bay and Ocean. This beautiful watering site has recently been purchased by a company of wealthy gentlemen of Virginia, Carolina and Maryland, who have had the same said off in beautiful Lawns, Streets, Parks &c., -have selected lots for private Cottages, and reserved the choicest portion for Hotel purposes.

They desire to lease the Hotel tract to some reli-

able persons or company to erect a suitable house for the accommodation of visitors and those owning cottages who may prefer to board at the Hotel. The climate is delightful, and as healthy as any portion of the habitable globe. Norfolk, (distant an hour's drive) and its vicinity (having a population of 40,000,) will furnish sufficient patronage to maintain an establishment of the first class. The various railroad and steamboat lines which centre at Norfolk, from near and distant States, will fur nish access for the whole salt-air seeking public. The wood land on the estate will furnish all the

lumber needful for erecting the Hotel, bathing houses, &c., and a steam saw mill will be at work on the ground in a few days. The company will extend liberal terms to a man of enterprise, or an energetic association, as they consider the public claim for an establishment of the sort to be imperative.
