Raleigh and Gaston Railroad. OTICE is hereby given, that from and after the 30th January, all dues to this Road for treight must be paid at Petersburg or Portsmouth, except on way freight, which must be paid in ad-

vance or on delivery of the goods, as the case may This arrangement will afford great advantages to our customers, by superseding the necessity of their employing more than one forwarding agent between New York and Raleigh, and having their goods or produce subjected to only one handling.

Agents cannot violate the above rule without subjecting themselves to removal. The greatest care will continue to be taken by the officers and agents of the Company in every department of its business to accommodate the public and promote the interests of its customers Whilst the Western merchants are going North a passenger train will leave Raleigh in the afternoon, on the arrival of the train from the West

Mr. Gibother members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every family as an in-valuable remedy, and every individual to procure a bottle and keep it by them in these times of R. B. PARKER. Murfreesboro,' Aug. 80th, 1854.

This is to certify that I have used Dr. R. H. Worthington's Cholora medicine in my family for the last four or five weeks, in several cases of Bowel Complaint, so common in our vicinity, with invariable success. One of the cases was that of a negro child, some four or five months old, who was so emaciated by the effects of the disease, that its life was nearly despaired of, when my wife happened to think that she would try the Cho era Medicine, and did so with complete success in less than forty-eight hours .- I am throughly of opinion that no family should be without so fine a medicine Given under my hand, this 3rd day of Uctober.

AYER'S PILLS. A NEW and singularly successful remedy for the cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medivery few are the diseases in which a Purgative Medicine is not more or less required, and much sick ness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Rilious derangements. They all tend to become or Bilious derangements. They all tend to become or e the deep seated and formidable distemper which load the hearses all over the land. Hence s eliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that densaid. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention

DR. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the HON. EDWARD EVERETT, Senator of the U.S. ROBERT C. WINTEROP, Ex-Speaker of the House ROBERT C. WINTEROP, Ex-Speaker of the House of Representatives.

Hotel, and others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is ound in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical

science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly ob-vious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qual ities of each substance employed are left behind, the surative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known!

Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful nedicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more

han realized by their effects upon trial. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action - remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see wrapper on the Box.

FIRST PREMIUM! SMUT-AND SCREENING MACHINE,

Oct. 24th, 1854.

YOUNG'S PATENT. IMPORTANT TO MILLERS AND MILL OWNERS. THIS Machine received the first premium at the North Carolina State Fair, and was recommended to the public as the best now in use in the State. Seven Hundred of them are now running n North Carolina, all of which are now in operation and have given the most entire satisfaction, in regard both to performance and durability, some having run six years and perform as well now as they did at first, and have not been out of order one day. We have thrown out ten different smut Machines to make room for this. They are warranted for five years, and delivered at the Mil' any where in the state. Manufactured and sol.
