A CURE FOR ALL!!

HOLLOWAY'S OINTMENT. READ HIS OWN WORDS. SIR—It is not my wish to become notorious, neither is it my wish to write the mere sake of writing, but to say that your Ointment cured me of one of the most dreadful cutaneous diseases that flesh is heir to, and which was considered by all who knew me, to be entirely beyond the reach of medicine.

ASTONISHING CURE OF SORE LEGS, AFTER NINE YEARS STANDING. Copy of a Letter from Mr. J. F. Langley, of Haverhill, Yadda County, North Carolina, U. S. dated November 1st, 1853.

SIR—It is not my wish to become notorious, neither is it my wish to write the mere sake of writing, but to say that your Ointment cured me of one of the most dreadful cutaneous diseases that flesh is heir to, and which was considered by all who knew me, to be entirely beyond the reach of medicine.

AN EXTRAORDINARY CURE OF A BAD BREAST, WHEN NEARLY AT THE POINT OF DEATH. Copy of a Letter from Mr. Durant, New Orleans, November 9th, 1853.

TO PROFESSOR HOLLOWAY, 38, Corner of Ann and Nassau Streets, New York.

Dear Sir—It is with heartfelt gratitude I have to inform you that by the use of your Ointment and Pills, the life of my wife has been saved. For seven years she had a bad breast, with ten running wounds, (not of a cancerous nature.) I was told that nothing could save her: she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure to the astonishment of all who knew us.

TO PROFESSOR HOLLOWAY, 38, Corner of Ann and Nassau Streets, New York.

Dear Sir—It is with heartfelt gratitude I have to inform you that by the use of your Ointment and Pills, the life of my wife has been saved.

TO THE PUBLIC.—The subscriber is pleased to inform the public that his CHOLERA AND DIARRHŒA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public.

Dr. R. H. WORTHINGTON—Dear Sir: I take much pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in so INSTANTLY did it fall to afford the most prompt and DECIDED RELIEF, it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the people.

I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the people.

This is to certify that, some weeks back, I was taken with a violent Diarrhœa, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies I could think of, but without affording any relief, and in fact, I was nearly dead. I was then informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family, and, in justice to the Doctor, say I consider it MUCH THE MOST VALUABLE MEDICINE I have used in an experience of twenty years.

Dr. R. H. WORTHINGTON—Dear Sir: I take great pleasure in recommending your Cholera Medicine to the public and more especially since I have had personal experience and observation of its beneficial effects. I have tried several remedies put up for Cholera, &c., but have never found such happy results from any as from your invaluable remedy. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without a supply with me; and I regard it as one of the most valuable discoveries of the age.
