DE. R. H. WORTHINGTON-DEAR SIR: I take much pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c.. having so frequently experienced its beneficial re-

sults in my own case, as well as in many others to whom I have given it. I carried a bott e of it with me to Baltimore, (and here permit me to say would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely. and in NO INSTANCE did it fail to afford the MOST PROMPT AND DECIDED BELIEF as it has done here. congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other over brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was aken with a violent Diarrheea, which persisted for eight days. Being some sixty miles from home made use of all the remedies I could think of but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, is justice to the Doctor, say 1 consider it MUCH THE MOST VALUABLE MEDICINE I have used in an experience of twenty years.

AYER'S PILLS.

NEW and singularly successful remedy for the A cure of all Bilious diseases - Costiveness, Indirations, Headache, Pains in the Breast, Side, Back, and Limbs, Feunale Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sick ness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempors which load the hearses all over the land. Hence a eliable family physic is of the first importance The publisher of the "Carolina Cultivator' will the public health, and this Pill has been perfected with consummate skill to meet that demand. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention DR. A. A. been used, but evidence even more convincing than the experience of eminent public men is ound

in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of corr position for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto tained by any process. The reason is perfectly ob-vious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qual-ities of each substance employed are left behind, the surative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pilis a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British Amer-ican Provinces. If however there should be any one who has not received them, they will be

promptly forwarded by mail to his address. Of all the Patent Medicines that are offered, how few would be taken if their composition was known ! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful nedicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are will-ing to certify that their anticipations were more

than realized by their effects upon trial. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derange-

ments as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions, see wrapper on the Box.
