TO THE PUBLIC .- The subscriber is pleased to inform the public that his CHOLERA AND DIARRHEA MEDICINE affords more prempt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testi-

monials of its efficacy . DR. R. H. WORTHINGTON-DEAR SIR: I take nuch pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in NO INSTANCE did it fail to afford the MOST

PROMPT AND DECIDED RELIEF as it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a violent Diarrhoea, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies' I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, is justice to the Doctor, say consider it MUCH THE MOST VALUABLE MEDICINE I

opportunity to secure for yourselves and families a monthly repository of the most useful information on all subjects connected with the practical management of the farm and the household, and a convenient vehicle for your thoughts and sugto communicate to others. It is our design to fill the "Carolina Cultivator" with a variety of short. seasons, culled from a large number of valuable exchanges; to invite contributions from every quarter, wherever experience may have acquired a new lesson in the art of cultivation of domestic in-

dustry ; and in our editorial columns to condense such important additions to our stock of recent information as cannot be otherwise compressed into our limited pages. We will also present our readers with all the more important items of intelligence connected with the general advance ment of agricultural knowledge, and endeavor in every proper way to stimulate the industry and enterprise of our fellow citizens. The publisher of the "Carolina Cultivator' will e aided in the Editorial department of the paper by gentlemen fully competent to make it one of the best Agricultural Papers in the country, and also by several able members of the State Agricultural Society, at whose earnest solicitation the work has been undertaken. This is alike true of Colds, Feveriah symptoms, and Billous derangementa. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with communicate activity to mast that demand. An with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminant gentlemen who have testified in favor of these Fills, we may mention : DR. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the

HON. EDWARD EVERETT, Senator of the D. S. ROBERT C. WINTHHOP, Ex-Speaker of the House ABBOTT LAWRENCE, Minister Plen. to England.

H. Grimsh + JOHN B. FITEPATEICE, Cath. Bishop of Boston. Also, DE. J. R. CHILTON, Practical Chemist, of New York City, endorsed by HON. W. L. MARCY, Secretary of State. WM. B. ASTOR, the richest man in America. Instruction

Hotel, and others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found

in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly ob-vious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the eurative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address. Of all the Patent Medicines that are offered, how few would be taken if their composition was known!

Their life consists in their mystery. I have no

mysteries. The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many em-inent Physicians have declared the same thing of my Fills, and even more confidently, and are will-ing to certify that their anticipations were more than realized by their effects upon trial. They operate by their powerful infinence on the internal viscera to purify the blood and stimulate it into healthy action --remove the obstructions of internal viscers to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derange-ments as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their na in any quantity. their use in any quantity. For minute directions, see wrapper on the Box.
