TO THE PUBLIC.—The subscriber is pleased to inform the public that his CHOLERA AND DIARRHŒA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testimonials of its efficacy .

Dr. R. H. WORTHINGTON-DRAR Sin: I take much pleasure in adding my testimony to others in faver of your remedy for Bowel Affections, &c., naving so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in NO INSTANCE did it fail to afford the MOST PROMPT AND DECIDED RELIEF as it has done here. congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was aken with a violent Diarrhosa, which persisted for eight days. Being some sixty miles from home I made use of all the remedies I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, in justice to the Doctor, say consider it MUCH THE MOST VALUABLE MEDICINE I have used in an experience of twenty years. F. M. CAPEHART.

Murfreesboro,' N. C.; Oct 2, 1854. DR. WORTHINGTON-DEAR SIR: I take great cleasure in recommending your Cholera Medicine to the public and more especially since I have had personal experience and observation of its benefi-

I have tried several remedies put up for Cholera, to, but have never found such happy results from any as from your invaluable remedy. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without s supply with me; and I regard it as one of the most valuable discoveries of the age. Yours, very truly, W. P. BEAMAN.

WINDSOR, N. C., Sept 19, 1854. Dr. R. H. WORTHINGTON-Dear Sir. I have made some effort, and have succeeded in introducing your Medicine to the public, and I find it is taking very well indeed; and the result is, that I have nearly sold what you sent me. I therefore, wish you would send me some more as soon as you can. * * * I have not the slightest doubt but that this Medicine is the very best remedy out for the disease for which it is recommended. I hope you will soon send me a supply, as I would not like to get entirely out of it.

Yours. truly, GEORGE W. McGLAUGHON.

[From the Murfreesboro' Gazette.] MESSES. EDITORS. In looking over the last number of the Gazette, I found a communication from our friend, Mr. L. P. Spiers, reommending E R. public, for the cure of diarrhoea, dysentery, and other kindred diseases Having experience in my own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every family as an invaluable remedy, and every individual to procure a bottle and keep it by them in these times of cholera. R. R. PARKER.

Murfreesboro,' Aug. 30th, 1854. This is to certify that I have used Dr. R. H. Worthington's Cholora medicine in my family for the last four or five weeks, in several cases of Bowel Complaint, so common in our vicinity, with invariable success. One of the cases was that of negro child, some four or five months old, who was so emaciated by the effects of the disease, that its life was nearly despaired of, when my wife happened to think that she would try the Cholera Medicine, and did so with complete success in less

than forty-eight hours .- I am throughly of opinion that no family should be without so fine a medicine Given under my hand, this 3rd day of October,

A. W. DARDEN. MURFRESBORO' N C.

Dr. R. H. Worthington. It affords us pleasure to say that we have used your Cholera Diarrhoea medicine for the last twelve months, and have found it invariably successful, in relieving speedily the cases in which we have had occasion to use it. We entertain a high appreciation of its value, and have no hesitation in expressing the opinion that it will prove to be a valuable family medicine.

THE CAROLINA CULTIVATOR, A Monthly Agricultural Journal, published in BALLIOH.

BY WILLIAM D. COOKE.

TERMS. 1 Copy in advance,..... \$ 1 00 10 do 18 do 10 00

Farmers of North Carolina, you have now an opportunity to secure for yourselves and families monthly repository of the most useful information on all subjects connected with the practical management of the farm and the household, and a convenient vehicle for your thoughts and suggestions on the same subjects which you may desire o communicate to others. It is our design to fill the "Carolina Cultivator" with a variety of short, pointed, and useful selections, adapted to the seasons, culled from a large number of valuable exchanges; to invite contributions from every quarter, wherever experience may have acquired a new lesson in the art of cultivation of domestic industry; and in our editorial columns to condense such important additions to our stock of recent information as cannot be otherwise compressed into our limited pages. We will also present our readers with all the more important items of intelligence connected with the general advancement of agricultural knowledge, and endeavor in every proper way to stimulate the industry and

enterprise of our fellow citizens. The publisher of the "Carolina Cultivator will be aided in the Editorial department of the paper by gentlemen fully competent to make it one of the best Agricultural Papers in the country, and also by several able members of the State Agricultural Society, at whose earnest socicitation the work has been undertaken.

Aprial 6, 1855 "DICK TINTO'S" PARISIAN SKETCHES.

Tri-colored Sketches in Paris,

During the Years 1851 2-3. With numerous I lustrations, 12mo., Muslin, \$1 25. IN this lively volume, the writer has given a complete and luminous view of the political state of France, from the accession of Louis Napoleon to the throne to a comparatively recent period, together with copious sketches of the domestic, secret, literary, and industrial life of Paris, and persona' notices of the principal celebrities of that city As a succession of panoramic pictures of eventful and exciting scenes, the work will compare favor-

THE COUNTRY NEIGHBORHOOD.

ably with any current American books of Europe

A Novel. By Miss E. A. Dupuy, Author of "The Conspirator," " Florence; or the Fatal Vow," "Celeste," do , 8vo, paper, 56 cents. A novel founded on incidents of Southern life, and illustrative of many striking pictures of society in the interior districts of that region. It deals in forcible contrasts of character which it sets forth in high-wrought language-the style partaking more of the fervor and luxuriance of the tropics than of the severe precision of a colder clime. The plot includes several situations of exciting interest, portraying the lurid exhibitions of unbridled passion, in the form of vengeful and insatiate heat, combined with pictures of the most attractive features of feminine loveliness. A vivid imagination

glows on every page of the story. LADY BLESSINGTON'S MEMOIRS. The Literary Life and Correspondence of the Countess of Blessington

AYER'S PILLS, A NEW and singularly successful remedy for the A cure of all Billious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sick ness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and eften fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. As extensive trial of its virtues by Physicians, Profes extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such enalted position and character as to forbid the suspicion of unfruth.

Among the many tenfant pentioner who have testified in favor of these Pills, we may mention.

DR. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusatta whose high

and State Assayer of Massachusetts, whose high professional character is endorsed by the HON. EDWARD EVERETT, Senator of the U. S. ROBERT C. WINTHROP, Ex-Speaker of the House

of Representatives.

ABBOTT LAWRENCE, Minister Plen. to England. + JOHN B. FITEPATRICE, Cath. Bishop of Boston. Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hon. W. L. Marcy, Secretary of State.

WM. B. ASTOR, the richest man in America. 8. LELAND & Co., Propr's of the Metropolitan Hotel, and others. Did space permit, we could give many hundred certificates, from all parts where the Pills have

been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the

surative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known!

Their life consists in their mystery. I have no The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of mysteries. my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions, see wrapper on the Box.
