TO THE PUBLIC.—The subscriber is pleased to inform the public that his CHOLERA AND DIARRHOLA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testimonials of its efficacy .

DR. R.-H. WORTHINGTON-DEAR SIR: I take much pleasure in adding my testimony to others in faver of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial rewith me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely. and in No INSTANCE did it fail to afford the MOST PROMPT AND DECIDED RELIEF as it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calcuthan any other ever brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a violent Diarrhoea, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies'l could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, in justice to the Doctor, say consider it MUCH THE MOST VALUABLE MEDICINE I have used in an experience of twenty years. F. M CAPEHART.

Murfreesboro,' N. C.; Oct 2, 1854. DR. WORTHINGTON-DEAR SIR: I take great pleasure in recommending your Cholera Medicine to the public and more especially since I have had personal experience and observation of its benefi-

cial effects. I have tried several remedies put up for Cholera, &c., but have never found such happy results from any as from your invaluable remedy. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without a supply with me; and I regard it as one of the most valuable discoveries of the age. Yours, very truly, W. P. BEAMAN.

WINDSOR, N. C., Sept 19, 1854. DR. R. H. WORTHINGTON-Dear Sir. I have made some effort, and have succeeded in introducing your Medicine to the public, and I find it is taking very well indeed; and the result is, that I have nearly sold what you sent me. I therefore, wish you would send me some more as soon as you can. * * * 1 have not the slightest doubt but that this Medicine is the very best remedy out for the disease for which it is recommended. I hope you will soon send me a supply, as I would not like to get entirely out of it.

Yours truly, GEORGE W. McGLAUGHON

[From the Murfreesboro' Gazette.] MESSES. EDITORS. In looking over the last number of the Gazette, I found a communication from our friend, Mr. L. P. Spiers, rcommending Dr. R. H. Having experience in my VITIZENS OF THE UNION,-You have done me own case, the happy effects of its use, as well as the honour as with one voice, from one end other members of my family, I can safely say that of the Union to the other, to stamp the character of I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every family as an invaluable remedy, and every individual to procure a bottle and keep it by them in these times of R. R PARKER. cholera. Murfreesboro, Aug. 30th, 1854.

This is to certify that I have used Dr. R. H. Worthington's Cholora medicine in my family for Copy of a Letter from Mr. J. W. Langley, of the last four or five weeks, in several cases of Bowel Complaint, so common in our vicinity, with invariable success. One of the cases was that of a negro child, some four or five mouths old, who was so emaciated by the effects of the disease, that its life was nearly despaired of, when my wife happened to think that she would try the Cholera Medicine, and did so with complete success in less than forty-eight hours .- I am throughly of opinion that no family should be without so fine a medicine Given under my hand, this 3rd day of October,

AYER'S PILLS A NEW and singularly successful remedy for the cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflamma-tions, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sick ness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cure have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:

DR. A. A. HAYES, Analytical Chemist, of Boston and State Assayer of Massachusetts, whose high ofessional character is endorsed by the HON. EDWARD EVERETT, Senator of the U. S. ROBERT C. WINTHROP, Ex-Speaker of the House

of Representatives. ABBOTT LAWRENCE, Minister Plen. to England. + JOHN B. FITZPATRICK, Cath. Bishop of Boston. Also, DR. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hon. W. L. MARCY, Secretary of State.

WM. B. ASTOR, the richest man in America. S. LELAND & Co., Propr's of the Metropolitan Hotel, and others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than

the experience of eminent public men is found in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer,

more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no

mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willthan realized by their effects upon trial.

They operate by their powerful influence on the internal viscers to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see wrapper on the Box.
