NOTICE! U. S. LAND AND PENSION AGENCY. NO all those for whom I have collected Land Warrants, less than 100 acres, I have the number and particulars of said warrants, and, by calling on or writing to me, I can get each one an increase of pay; and to all the Soldiers who rendered 14 days service in any of the wars since 1776, or their widows, or minor child or children, are entitled to it. They will do well to call at this Agency. I have the rolls for the State of North Carolina.

Also, all Widows of the Revolutionary War are entitled to land. Wagon Masters and Teamsters are embraced among the numerous Laws; and all those who think they are entitled are respectfully invited to call and have their claims investigated.

My terms are no charge, unless I succeed—After 15 years' experience, I flatter myself that I understand my business, and I know the laws in such cases. Give me a call, and have your claims investigated before it will be too late.

Enlisted Soldiers, having located lands in Illinois and Missouri, I will pay the highest cash prices for them. I have the number, Townships and locations of several hundred in whose name they appear of record.

The highest cash prices paid for land warrants. Office opposite Lawrence's Office, at the Express Office. J. H. KIRKHAM, Raleigh, N. C., March 12, 1865. 21 tf

SPRING TRADE! MARCH, 1865. We are now prepared at our New Store, Nos. 78 and 80, Bazaar Street, Opposite Messrs. McIlwaine, Son & Co., to offer to Merchants of Virginia and North Carolina, the most commanding Stock of FOREIGN AND DOMESTIC DRY GOODS we have ever had.

One of our firm will remain in New York during the present month, and attend the Auction Sales, thus placing us daily in possession of many styles of goods much below regular prices.

MERCHANTS VISITING THIS MARKET would do well to give our Stock an examination, before buying elsewhere.

TO THE PUBLIC.—The subscriber is pleased to inform the public that his CHOLERA AND DIARRHEA MEDICINE affords more prompt relief in the various affections of the Bowels, and constantly more satisfactory results, than any other Medicine ever offered to the public.

Dr. R. H. WORTHINGTON—DEAR SIR: I take much pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say would as soon think of travelling without money as without this remedy,) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in no instance did it fail to afford the most PROMPT and DECIDED RELIEF as it has done here.

I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a violent Diarrhoea, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, in justice to the Doctor, say I consider it MUCH THE MOST VALUABLE MEDICINE I have used in an experience of twenty years.

Murfreesboro', N. C., Feb. 2, 1864.

Dr. WORTHINGTON—DEAR SIR: I take great pleasure in recommending your Cholera Medicine to the public and more especially since I have had personal experience and observation of its beneficial effects.

I have tried several remedies put up for Cholera, &c., but have never found such happy results from any as from your invaluable medicine. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without a supply with me; and I regard it as one of the most valuable discoveries of the age. Yours, very truly, W. P. BEAMAN.

WINDSOR, N. C., Sept. 19, 1864. Dr. R. H. WORTHINGTON—Dear Sir, I have made some effort, and have succeeded in introducing your Medicine to the public, and I find it is taking very well indeed; and the result is, I have nearly sold what you sent me. I therefore, wish you would send me some more as soon as you can. I have not the slightest doubt but that this Medicine is the very best remedy for the disease for which it is recommended. I hope you will soon send me a supply, as I would not like to get entirely out of it.

Yours, truly, GEORGE W. McGLAUGHLIN.

[From the Murfreesboro' Gazette.] Messrs. Editors: In looking over the last number of the Gazette, I found a communication from our friend, Mr. L. P. Spiers, recommending Dr. R. H. Worthington's Cholera Mixture to the public for the cure of diarrhoea, dysentery, and other kindred diseases. Having extensive experience in my own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every family as an invaluable remedy, and every individual to procure a bottle and keep it by them in these times of cholera. R. B. PARKER, Murfreesboro', Aug. 30th, 1864.

This is to certify that I have used Dr. R. H. Worthington's Cholera medicine in my family for the last four or five weeks, in several cases of Bowel Complaints, so common in our vicinity, with invariable success. One of the cases was that of a negro child, some four or five months old, who was so emaciated by the effects of the disease, that his life was nearly despaired of, when my wife happened to think that she would try the Cholera Medicine, and did so with complete success in less than forty-eight hours. I am thoroughly of opinion that no family should be without so fine a medicine. Given under my hand, this 3rd day of October, 1864. A. DARDEN, MURFREESBORO' N. C.

Dr. R. H. Worthington. It affords us pleasure to say that we have used your Cholera Diarrhoea medicine for the last twelve months, and have found it invariably successful, in relieving specially the cases in which we have had occasion to use it. We entertain a high appreciation of its value, and have no hesitation in expressing the opinion that it will prove to be a valuable family medicine. RICHARD G. COWPER, R. P. SPIERS.

Notice to Contractors. THE ATLANTIC AND NORTH CAROLINA RAIL ROAD COMPANY. PROPOSALS will be received by the undersigned, on behalf of the Company, at the office of the Company in Newbern, North Carolina, until the 28th of June, 1865, for Grading, Bridging, Masonry and Superstructure—including the iron-work (the plan of Rail to be furnished by the company of 90 pounds to the lineal yard) of the Eastern Division of the Atlantic and North Carolina Rail Road, extending from the Eastern bank of the Trent River, opposite Newbern, to Beaufort Harbor, the distance being about 84 miles. Proposals will be received for the work in sections of five or ten miles each, or for the entire distance of 84 miles. The proposals will state what amount of stock, bonds of the counties of Craven and Carteret and Town of Beaufort, cash, bank, will be received in payment for the same. Proposals are also invited for the Masonry and Superstructure of the Viaduct over Trent River, separate from the Grading. This Viaduct will be about 1900 feet in length, including the draw; the spans will be 150 feet, resting upon 12 piers and two abutments, requiring about 2300 perches of Masonry, and about 1300 perches of stone packing in foundation, cribs and rip-rapping. The grade line of Bridge will be about 12 feet above low water; the depth of water will average from 6 to 9 feet for 1900 feet in the channel way about 12 feet for 450 feet. This is an important structure, worthy the attention of Stone and Brick Masons and Bridge Builders. The plan of superstructure will be Howe's improved Truss with Arches. The Maps, Profiles, Plans and Specifications will be ready for inspection at the office of the Company on and after the 18th of June, 1865, where any further information can be obtained in regard to the work. The company reserve the right to reject any or all of the proposals, should they be unsatisfactory. All other things being equal, stockholders will be given the preference in the award of the contracts. JOHN D. WHITFORT, President, W. BEVERHOUT THOMPSON, Chief Engineer, June 6, 1865.

Masonic. THE members of the Grand Lodge will please convene at Oxford, on Monday, the 25th inst., to assist in laying the cornerstone of St. John's College. It is also expected the Grand Chapter will aid in the same work. C. H. JORDAN, G. M. June 15, 1865. 46 tf
