**Raleigh and Gaston Railroad.**  
 NOTICE is hereby given, that from and after the 30th January, all despatch to this Road for freight must be paid at Petersburg or Portsmouth, except on way freight, which must be paid in advance or on delivery of the goods, as the case may be.  
 This arrangement will afford great advantages to our customers, by superseding the necessity of their employing more than one forwarding agent between New York and Raleigh, and having their goods or produce subjected to only one handling. Agents cannot violate the above rule without subjecting themselves to removal.  
 The greatest care will continue to be taken by the officers and agents of the Company in every department of its business to accommodate the public and promote the interests of its customers. Whilst the Western merchants are going North a passenger train will leave Raleigh in the afternoon, on the arrival of the train from the West on the N. C. Road; due notice of which will be given.  
 By order of the Board of Directors,  
 L. O'B. BRANCH, President.  
 As the Company has two Depots in Raleigh, merchants ordering goods to go up the N. C. Road are requested to have them distinctly marked, so that their destination may be known, and they may be loaded to the through Depot from Petersburg or Portsmouth.

They will do well to call at this Agency. I have the rolls for the State of North Carolina.

**ASTONISHING CURE OF SORE LEGS, AFTER NINE YEARS STANDING.**  
 Copy of a Letter from Mr. J. W. Langley, of Huntsville, Yadin County, North Carolina, U. S., dated November 1st, 1853.  
 READ HIS OWN WORDS.  
 To Professor Holloway,  
 Sir:—It is not my wish to become notorious, neither is this letter written for the mere sake of writing, but to say that your Ointment cured me of one of the most dreadful cutaneous diseases that flesh is heir to, and which was considered by all who knew me, to be entirely beyond the reach of medicine. For nine years I was afflicted with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine I had ever heard of, I resigned in despair all hope of being cured; but a friend brought me a couple of large pots of your Ointment, which caused the sores on my legs to heal, and I entirely regained my health to my great surprise and delight, and to the astonishment of my friends. (Signed) W. J. LANGLEY.  
 AN EXTRAORDINARY CURE OF A BAD BREAST, WHEN NEARLY AT THE POINT OF DEATH.  
 Copy of a Letter from Mr. Durant, New Orleans, November 9th, 1853.  
 To Professor Holloway, 38, Corner of Ann and Nassau Streets, New York.  
 Dear Sir,—It is with heartfelt gratitude I have to inform you that by the use of your Ointment and Pills, the life of my wife has been saved. She had a cancerous tumor, with ten running wounds, (not of a cancerous nature.) I was told that nothing could save her: she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who knew her. I have obtained your Ointment from Messrs. Wright & Co., of Chartres Street, New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, at that time, not knowing your address at New York. (Signed) R. DURANT.  
 The Pills should be used conjointly with the Ointment in most of the following cases:  
 Bad Legs Contracted and Stiff Joints  
 Lumbago Sore-throats  
 Bad Breasts Stiff Joints  
 Piles Skin-diseases  
 Burns Flatulency  
 Rheumatism Scoury  
 Bunions Gout

**TO THE PUBLIC.**—The subscriber is pleased to inform the public that his CHOLERA AND DIARRHEA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testimonials of its efficacy.  
 Dr. R. H. WORTHINGTON.—Dear Sir: I take much pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in so instances did it afford the most prompt and decided relief as it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the world.  
 L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a violent Diarrhea, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and the result is, that one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, in justice to the Doctor, say I consider it MUCH THE MOST VALUABLE MEDICINE I have used in an experience of twenty years.  
 F. M. CHEHART.  
 Murfreesboro', N. C.; Oct. 2, 1854.

Dr. WORTHINGTON.—Dear Sir: I take great pleasure in recommending your Cholera Medicine to the public, and more especially to my astonishment, personal experience and observation of its beneficial effects.  
 I have tried several remedies put up for Cholera, &c., but have never found such happy results from any as from your invaluable remedy. I have such unqualified confidence in its efficacy, that I am unwilling and will not leave home without a supply with me; and I regard it as one of the most valuable discoveries of the age. Yours, very truly,  
 W. P. BEAMAN.  
 WINDSOR, N. C., Sept. 19, 1854.  
 Dr. R. H. WORTHINGTON.—Dear Sir: I have made some effort, and have succeeded in introducing your Medicine to the public, and I find it is being used, and with the most successful results. I have nearly sold what you sent me. I therefore, wish you would send me some more as soon as you can. \* I have not the slightest doubt but that this Medicine is the very best remedy out for the disease for which it is recommended. I hope you will soon send me a supply, as I would not like to get entirely out of it.  
 Yours, truly,  
 GEORGE W. McGLAUGHLIN.  
 [From the Murfreesboro' Gazette.]  
 MESSRS. EDITORS: In looking over the last number of the Gazette, I found a communication from our friend Mr. L. P. Spiers, recommending Dr. R. H. Worthington's Cholera Mixture to the public, for the cure of diarrhoea, dysentery, and other kindred diseases. Having experience in my own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend to every family an invaluable remedy, and every individual to procure a bottle and keep it by them in these times of cholera.  
 R. R. PARKER.  
 Murfreesboro', Aug. 30th, 1854.

This is to certify that I have used Dr. R. H. Worthington's Cholera medicine in my family for the last four or five weeks, in several cases of Bowel Complaint, so common in our vicinity, with invariable success. In one case was that of a negro child, some four or five months old, who was emancipated by the effects of the disease, that its life was nearly despaired of, when my wife happened to think that she would try the Cholera Medicine, and did so, with complete success in less than four or eight hours.—I am thoroughly of opinion that no family should be without so fine a medicine. Given under my hand, this 3rd day of October, 1854.  
 A. W. DARDEN.  
 MURFREESBORO' N. C.

Dr. R. H. Worthington.  
 It affords us pleasure to say that we have used your Cholera Diarrhoea medicine for the last twelve months, and have found it invariably successful in relieving speedily the cases in which we have had occasion to use it. We entertain a high appreciation of its value, and have no hesitation in expressing the opinion that it will prove to be a valuable family medicine.

**PRINCE & CO'S IMPROVED PATENT MELODEON.** Geo. A. Prince & Co., Manufacturers, No. 200 Main Street, Buffalo, N. Y. Wholesale Depot, 87 Fulton Street, N. Y.  
 For the convenience of Music Dealers in all parts of the United States, we have made arrangements with the following firms, who will supply the trade at our regular factory prices; GEO. P. REED & CO., 17 Tremont Row, Boston, Mass.; COLBURN & FIELD, 164 Main Street, Cincinnati, O.; BALMER & WEBER, 58 Fourth Street, St. Louis, Mo. General Agents for New York City, WM. HALL & SON, No. 236 Broadway, opposite the Park.  
**PRINCE & CO'S IMPROVED MELODEONS.** The volume of tone is equal to that of a small organ, and all have been long employed two hundred men, and finishing eighty instruments per week.  
 DESCRIPTION OF THE MELODEON.—For the benefit of those residing at a distance, and consequently unable to inspect the model, we have prepared, we will endeavor to give a short description of the instrument. The cases are made of rose-wood, and are as handsomely finished as any piano-forte. The key-board is precisely the same as the piano or organ, and the tone (which is very beautiful) closely resembles that of the piano. The volume of tone is equal to that of a small organ—the notes speak the instant the keys are touched, and will admit of the performance of as rapid passages as the piano. The pedal on the right supplies the wind, and works so easily that a child can manage it without any exertion. **AYER'S PILLS,**  
 A NEW and singularly successful remedy for a cure of all Bilious Disorders—Constiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, every form of the disease in which Purgative Medicine is not more or less required, and such sickness and suffering might be prevented, and cured, by the use of Ayer's Cathartic Pills. No person can feel well while a costive habit of body prevails; besides it soon generates serious Bilious Disorders, which might have been avoided by the timely and judicious use of a good purgative. This is all true of Colds, Feversish symptoms, Bilious Disorders, &c. &c. The Pills are prepared by the deep seated and formidable distemper which lead the horses all over the land. Hence a reliable family physic, which may be depended upon for the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Surgeons, and Patents, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, and persons of such character as to forbid the suspicion of imposture.  
 Among the many eminent gentlemen who have testified to the efficacy of these Pills, we mention  
 DR. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high character is endorsed by the U. S. ROBERT C. WINTHROP, Ex-Speaker of the House of Representatives.  
 DR. J. W. WALKER, Minister Plenipotentiary to England.  
 DR. J. B. FRIZZELL, Cath. Bishop of Boston.  
 DR. R. H. MILLER, Practical Chemist, of New York City, endorsed by  
 S. H. W. L. MARCY, Secretary of State.  
 DR. W. A. BRON, the eminent Man in America.  
 L. M. & Co., Proprietors of the Metropolitan Hotel, and others.  
 Did space permit, we could give many hundred names of Physicians and others, who have been used, but evidence even more convincing than the experience of eminent public men is found in the testimonials upon these Pills.  
 These Pills, the result of long investigation and study, are offered to the public as the best and most accurate medicine for biliousness, or any other disease connected with the medical science can afford. They are compounded not of the drug themselves, but of the medicinal virtues of the Vegetable remedies extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of compounding for medicines has been found a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. By the use of the old mode of compounding, every medicine is burdened with more or less of acrimonious and injurious qualities, by which the curative effect is destroyed. Hence it is that the curative effect of each substance offered are left behind, the curative virtues only being retained. Hence it is self-evident the effects should be as they have proved more purely remedial, and the Pills a surer, more reliable, and more certain than any other medicine known to the world.  
 As it is frequently expedient that my medicine should be used by the most distinguished Physicians, and as he could not properly judge of a remedy without knowing its composition, I have supplied the names of the ingredients of the Pills, and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however they should be used by any person, they will be promptly forwarded by mail to his address.  
 Of all the Patent Medicines that are offered, how few would be taken if their composition was known. Their life consists in their mystery. I have no mystery.  
 The composition of my preparations is laid open to all men, and all who are competent to judge of the subject freely acknowledge their convictions of the medicinal virtues of the Compound. The Compound was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared their conviction of its efficacy, and are willing to certify that their anticipations were more than realized by their effects upon trial.  
 Being so well known, and of such influence on the internal viscera to purify the blood and stimulate it to healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the result of their composition, we know that their use is a sure and safe wrapper on the Box.

The volume will contain between seven and eight hundred pages, printed as the present "Revised Statutes."  
 The paper, printing and binding, in every respect, must be of good quality, at least, as that of the present "Revised Code." The type and galleys will be printed with the index, and not as heretofore at the bottom of the page.  
 Five thousand copies must be delivered, without fail, to the Governor, on or before the 15th of December next; the residue may be delivered in March, 1856.

**Lippitt's Specific.**  
 FOR THE CURE OF  
 Dysentery, Diarrhoea, and Summer Complaints.  
 WILMINGTON, N. C., Feb. 1, 1856.  
 M. R. W. LIPPITT.—Dear Sir:—Without any suggestion or solicitation whatever on your part, I take pleasure in adding my testimony to the efficacy of your Specific for the cure of Dysentery and kindred complaints. Having been for three years afflicted with a disease of this character, and employing the services of three of the best Physicians in this place, with slight advantage, I was induced to try your medicine, and after following the prescriptions and taking several bottles, am now perfectly restored. I believe your Specific to be a most excellent and valuable medicine, and feel no hesitation in recommending it to the public. So far from being a nostrum, as too many of the popular medicines of the day are, I believe it superior, for the cure of the disease indicated above, to any other medicine.  
 M. BRYAN.
