550 Reward Each, for Runaways! RANAWAY from the subscriber THREE NEGRO MEN, Aleck, Sam, and Johnson. ALECK is a Mason, Carpenter, and Blacksmith, of yellow complexion, inclined to be bald, sharp featured, stout and active, with a good looking foot, about 30 years of age. He took off with him a carpet bag, and I presume he took with him a memorandum book, in which I authorized him to keep and collect his accounts for work done in masonry.

J. M. LOVEJOY'S CLASSICAL, MATHEMATICAL and Military Academy will commence on the 1st of July, 1855. Tuition in advance. The health of my boys requires the exercise of the military drill; for this a teacher will be necessary, attended by additional expense and trouble, therefore, there will be an extra charge of five dollars. All boys required to drill, and on dress parade days to appear in uniform—blue jackets, white pants, blue cap, in summer; in winter, the pants will be blue. The cost of the uniform will not exceed eight dollars, but cheaper and much handsomer dresses if made by order.

TO THE PUBLIC.—The subscriber is pleased to inform the public that his CHOLERA and DIARRHEA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testimonials of its efficacy.

DR. R. H. WORTHINGTON.—Dear Sir: I take much pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given, & carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in no instance did it fail to afford the most prompt and decided relief as it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to prevent malarial and other fevers, than any other ever brought before the people.

This is to certify, that some weeks back, I was taken with a violent Diarrhea, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had there a medicine which would be of use to me, and I was advised to use it. I did so, and to my astonishment, on single dose gave speedily and permanent relief, since which time I have used it frequently in my family; and, in justice to the Doctor, say I consider it one of the most valuable medicines I have used in an experience of fifty years.

DR. R. H. WORTHINGTON.—Dear Sir: I take great pleasure in recommending your Cholera Medicine to the public and more especially since I have had personal experience and observation of its beneficial effects. I have tried several remedies put up for Cholera, &c., but have never found such happy results from any as from your invaluable remedy. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without a supply with me; and I regard it as one of the most valuable discoveries of the age. Yours very truly, W. P. BEAMAN.

DR. R. H. WORTHINGTON.—Dear Sir: I have made some effort, and have succeeded in introducing your Medicine to the public, and I find it is taking very well indeed; and the result is, that I have nearly sold what you sent me. I therefore, wish you would send me some more as soon as you can. I have had the slightest doubt but that this Medicine is the very best remedy out for the disease for which it is recommended. I hope you will soon send me a supply, as I would not like to get entirely out of it. Yours truly, GEORGE W. MCGLAUGHON.

MR. G. P. REED, No. 17 Tremont Row, Boston, Mass. In looking over the last number of your paper, I found a communication from your friend, Mr. L. P. Spier, recommending Dr. R. H. Worthington's Cholera Mixture to the public for the cure of diarrhoea, dysentery, and other kindred diseases. Having experience in my own case, the happy effects of its use, as well as those of others of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every family as an invaluable remedy, and every individual to procure a bottle for family use, and keep it by them as a medicine for cholera. R. P. PARKER, Murfreesboro', Aug. 30th, 1854.

It affords us pleasure to say that we have used your Cholera Diarrhoea medicine for the last twelve months, and have found it invariably successful, in relieving speedily the cases in which we have had occasion to use it. We entertain a high appreciation of its value, and have no hesitation in expressing the opinion that it will prove to be a valuable family medicine. RICHARD COWPER, B. F. SPIERS, Sold by P. F. PESCU, Raleigh, and by Druggists, Oct. 17th, 1854.

CITY OF NEW YORK. PRINCE & CO'S IMPROVED PATENT MELODEON. No. 200 Main Street, Buffalo, N. Y. Wholesale Depot, 87 Fulton Street, N. Y. For the convenience of Music Dealers in all parts of the United States, we have made arrangements with our regular factory prices, GEO. P. BURN & CO., 17 Tremont Row, Boston, Mass., COLBURN & FIELD, 154 Main Street, Cincinnati, O., BALMER & WEBER, 58 Fourth Street, St. Louis, Mo. General Agents for New York City, WM. H. & SON, No. 239 Broadway, opposite the Park.

PRINCE & CO'S IMPROVED MELODEONS. The oldest establishment in the United States. Employing two hundred men, and finishing eighty instruments per week. DESCRIPTION OF THE MELODEON.—For the benefit of those residing at a distance, and consequently unable to inspect the Melodeon before purchasing, we will endeavor to give a short description of the instrument. The cases are made of rose-wood, and are as handsomely finished as any piano-forte. The key-board is precisely the same as the piano or organ, and the tone (which is very beautiful) closely resembles that of the flute stop of the organ. The notes speak the instant the keys are touched, and will admit of the performance of as rapid passages as the piano. The pedal on the right supplies the wind, and works so easily that a child can manage it without any exertion. The bellows are of a most ingenious and novel construction, and a patent was granted in December, 1840, for a reversed or exhaustion bellows and it is this in a measure which produces the peculiar tone. The volume of tone is equal to that of a small organ, and by means of the swell may be increased or diminished at the pleasure of the performer; it is sufficiently loud for small churches, and is well calculated for a parlor instrument. Hundreds have examined them, and all have been loud in their praise, and in some respects their merit is their rapid sale. But it is not only a new invention—and is yet but little known in the musical world, and it is for this reason that we call to the attention of all lovers of music, believing that there are thousands who would lose no time in securing one, were they aware of the existence of such an instrument, and the low price at which it could be obtained.

The following letter from LOWELL MASON, Boston, to G. P. REED, No. 17 Tremont Row, Boston, Mass. Mr. G. P. REED, No. 17 Tremont Row, Boston, Mass. DEAR SIR—At your request, I have examined one of the Melodeons manufactured by Messrs. Geo. A. Prince & Co., of Buffalo. I think them to be the best of the kind, and in some respects superior to any others of similar kind which I have seen, and in particular with respect to quality of tone and promptness of touch, or action of the reeds by which quick passages may be performed with certain and distinct articulation of tone. An instrument of this kind is the best substitute for an organ, in church music, with which I am acquainted. LOWELL MASON.

Just published, COMPLETE INSTRUCTOR FOR THE IMPROVED MELODEON, to which is added favorite Airs, Voluntaries and Chants arranged expressly for this Instrument. Price 75 cents.

CAUTION.—We commenced the manufacture of the Improved Melodeon in 1847, since which time we have had the honor to receive orders from all parts of the United States and Canada. During the past three years, we have finished over Three Thousand Melodeons per year; we have nearly completed our arrangements for finishing Four Thousand annually. The celebrity which our Melodeons have attained has induced nearly every music dealer in the United States and Canada to apply for the agency; but as we make but one Agent in each city or town, many are necessarily disappointed. The result has been that our Name Plates have been put upon Melodeons which were not manufactured by us; and again, (in a few instances which have come to our knowledge) dealers, who have been unable to obtain our instruments, have accepted the agency of some other manufacturer, keeping up the name of our instruments, and purposing to put out of tune, and to bad order, as a fall to the inferior article they offered to the public. For these reasons we caution those who wish to satisfy themselves of the merits of our Melodeons to examine those only which are offered by our Agents or those who hold the agency exclusively in their own hands. Many improvements applied are exclusively our own and being the original manufacturers, our experience has enabled us to produce instruments which a discerning public have pronounced superior to anything of the kind hitherto manufactured. Many of the most eminent musicians of the cities of New York and Boston have voluntarily given testimonials as to the high character of our instruments, which can be seen on application to our Agents, and charges shall always be moderate. CALL AND SEE. Raleigh, March 2, 1853. 1y-19

PERUVIAN GUANO.—We have arranged with Messrs. Barreda & Bro. Agents of the Peruvian Government, for supplies of pure Guano of their own importation, and offer it for sale in any quantities at the following prices, for cash only, 1 ton or under \$25 per ton, per lb. 1 to 5 tons \$21 per ton, of 5,000 lbs. Over 5 tons \$20 per ton. Deliveries can be made at our wharves to any of the River Boats, or from our warehouse on west side of the River to the cars of the Wilmington & Manchester Road, free of expense. For the cases of the Wilmington and Walter Road will be 60 cents per ton. Railroad freight from Wilmington to any point on the N. C. Road, not west of Hillsboro', will be 30 cents per ton. AYER'S PILLS. A new and singularly successful remedy for all the most dangerous diseases—Constiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which this Purgative Medicine is not most effectually required, and such sickness and suffering might be prevented, if a harmless but efficient Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided had a safe and judicious use of a good purgative been resorted to. This is a true and reliable medicine, and is well adapted to the treatment of all the above diseases, and is well adapted to the treatment of all the above diseases, and is well adapted to the treatment of all the above diseases.

KNAP OF REEDS MASONIC SCHOOL. THE first session of this School under the present title will commence on the 5th of July next, and continue five weeks, under the care of Mr. John Deary, Principal, with the assistance of assistants. The Academy building is a commodious two story house, situated on the main Hillsboro' and Oxford road, midway between these two places, and 12 miles from the city of Raleigh, on the Centre Road, where boys coming from the low country can obtain private conveyance to Knap of Reeds. The location is quite healthy, pleasant and enviable, and the neighborhood entirely rural and temperate. No sectarian principles in any shape or form will be inculcated. There are several churches of different denominations in the neighborhood, and the students are admitted at pleasure on the Sabbath. Mr. Deary's experience in teaching will not only enable him to conduct the School to advantage, but also to thoroughly prepare boys for the first or second class in College or for the ordinary business of life.
