# U. S. LAND AND PENSION AGENCY.

O all those for whom I have collected Land I Warrants, less than 160 acres, I have the number and particulars of said warrant, and, by calling on or writing to me. I can get each one an ncrease of pay; and to all the Soldiers who rendered 14 days' service in any of the wars since 1790, they, or their widows, or minor child or children, are entitled to land. They will do well to call at this Agency. I have the rolls for the State of North Carolina.

Also, all Widows of the Revolutionary War are entitled to land. Wagon Masters and Teamsters are embraced among the numerous Laws; and all those who think they have a claim are respect-fully invited to call and have their claims investigated.
My terms are no charge, unless I succeed —

After 15 years' experience, I flatter myself that I understand my business, and all the numerous laws in such cases. Give me a call, and have your claims investigated before it will be forever too late. Enlisted Soldiers, having located lands in Illi-

nois and Missouri, I will pay the highest cash

prices for them. I have the number, Townships and locations of several hundred in whose name they appear of record. The highest cash prices paid for land warrants. Office opposite Lawrence's Hotel, at the Exress Office. J. H. KIRKHAM. Raleigh, N. C., March 12, 1855. 21 tf

TO THE PUBLIC.—The subscriber is pleased to inform the public that his CHOLERA AND DIARRHEA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testi-

monials of its efficacy . DR. R. H. WORTHINGTON-DEAR SIR: I take much pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in no INSTANCE did it fail to afford the MORT PROMPT AND DECIDED RELIEF as it has done here. congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the people.

This is to certify that, some weeks back, I was taken with a violent Diarrhosa, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had a research of the country had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, in justice to the Doctor, say consider it much the most valuable medicine I have used in an experience of twenty years.

F. M. CAPEHART. Murfreesboro,' N. C.; Oct. 2, 1854.

DR. WORTHINGTON-DEAR SIR: I take great pleasure in recommending your Cholera Medicine to the public and more especially since I have had personal experience and observation of its benefi-

I have tried several remedies put up for Cholera, &c., but have never found such happy results from any as from your invaluable remedy. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without a supply with me; and I regard it as one of the most valuable discoveries of the age. Yours, very truly, W. P. BEAMAN.

WINDSOR, N. C., Sept 19, 1854. DR. R. H. WORTHINGTON-Dear Sir. I have made some effort, and have succeeded in introducing your Medicine to the public, and I find it is taking very well indeed; and the result is, that I have nearly sold what you sent me. I therefore, wish you would send me some more as soon as you can. \* \* \* I have not the slightest doubt but that this Medicine is the very best remedy out for the disease for which it is recommended. I hope you will soon send me a supply, as I would not like to get entirely out of it.

Yours, truly, GEORGE W. McGLAUGHON.

[From the Murfreesboro' Gazette ] MESSES. EDITORS. In looking over the last number of the Gazette, I found a communication from our friend, Mr. L. P. Spiers, rcommending Dr. R. H. Worthington's Cholera Mixture to the public, for the cure of diarrhoea, dysentery, and other kindred diseases. Having experience in my own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every family as an invaluable remedy, and every individual to procure a bottle and keep it by them in these times of cholera. R. R. PARKER. Murfreesboro, Aug. 30th, 1854.

This is to certify that I have used Dr. R. H Worthington's Cholora medicine in my family for the last four or five weeks, in several cases of Bowel Complaint, so common in our vicinity, with invariable success. One of the cases was that of a negro child, some four or five months old, who was so emaciated by the effects of the disease, that its life was nearly despaired of, when my wife happened to think that she would try the Cholera Medicine, and did so with complete success in less than forty-eight hours. - I am throughly of opinion that no family should be without so fine a medicine Given under my hand, this 3rd day of October,

A. W. DARDEN.

MURPRESBORO' N C. Dr. R. H. Worthington. It affords us pleasure to say that we have used your Cholera Diarrhœa medicine for the last twelve months, and have found it invariably successful, in relieving speedily the cases in which we have had occasion to use it. We entertain a high apexpressing the opinion that it will prove to be a valuable family medicine.

ly unable to inspect the Melodeon before purchasing, we will endeavor to give a short description of the Instrument. . The cases are made of rosewood, and are as handsomely finished as any piano-forte. The key-board is precialy the same as the piano or organ, and the tone (which is very beautiful) closely resembles, that of the flute stop of the organ-the notes speak the instant the keys are touched, and will admit of the performance of as rapid passages as the piano. The pedal on the a child can manage it without any exertion. The bellows (which is something entirely new and for which a patent was granted in December, 1849,) is a reversed or exhaustion bellows and it is this in a measure which produces the peculiar tone. The volume of tone is equal to that of a small organ, and by means of the swell may be increas ed or diminished at the pleasure of the performer it is sufficiently loud for small churches, and is well calculated for a parlor instrument. Hundreds have examined them, and all have been loud in their praise; and the best evidence of their merit is their rapid sale. But it is a new instrumentnew invention-and is yet but little known in the musical world, and it is for this reason that we call to it the attention of all lovers of music, believing that there are thousands who would lose no time in securing one, were they aware of the existence

of such an instrument, and the low price at which it could be obtained. The following letter from Lowell Mason, Bos ton, to G. P. Reed, we are permitted to use. Mr. Gso. P. Reed, No. 17 Tremont Row, Boston

DEAR SIR-At your request, I have examined one of the Melodeons manufactured by Messrs. Geo. A. Prince & Co., of Buralo. I think them in all respects equal and in some respects superior to any others of similar that which I have seen, and in particular with respect to quality of tone and promptness of touch, or action of the reeds by which quick passages may be performed with certain and distinct articulation of tone. An instrument of this kind is the best substitute for an organ, in church music, with which I am ac-

CAUTION-We commenced the manufacture of the Improved Melodeon in 1847, since which time we have finished and sold over Fourteen Thousand. During the past three years, we have finished over Three Thousand Melodeons per year; we have nearly completed our arrangements for finishing Four Thousand annually. The celebrity which our Melodeons have attained has induced nearly every music dealer in the United States and Canada to apply for the agency; but as we make but one Agent in each city or town, many are necessarily disappointed. The result has been that our Name Plate has been put upon Melodeous which were not manufactured by us; and again, (in a few instances weach have come to our knowledge) dealers, who have been unable to obtain our instruments, have iacepted the agency of some other manufacturerkeeping one of our instruments which had purposely been put out of tune, and in bad order, as a foil to the inferior article they offered to the public. For these reasons we caution these who wish to satisfy themselves of the merits of our Melodeons to examine those only which are offered by our Agents or those who deal exclusively in our instruments. Many improvements applied are exclusively our own and being the original manufacturers, our experience has enabled us to produce instruments which a discerning public have pronounced superior to anything of the kind hitherto manufactured. Many of the most eminent musicians of the cities of New York and Boston have voluntarily given testimonials as to the high character of of our instruments. which can be seen on application.

AYER'S PILLS. A NEW and singularly successful remedy for the cure of all Bilious diseases — Costiveness, Indi-A cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sick ness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body presents, besides it soon generates serious and No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians. Profesextensive trial of its virtues by Physicians, Profes-

extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by prioris of such exalted position and character as social the manifest of surrouth.

Among the same string gentlemen who have testified in fact of these Pills, we may mention:

Dr. A. A. Havas, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the rofessional character is endorsed by the Hon. Edward Evenett, Senator of the D. S. Robert C. Winthrop, Ex-Speaker of the House Representatives.

Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

cine known to the world. medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pecteral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not reasoned tham they will have one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known!

Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminant Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of Their life consists in their mystery. I have no
