THO THE PUBLIC.—The subscriber is pleased to inform the public that his CHOLERA AND DIARRHOLA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testimonials of its efficacy .

DR. R. H. WORTHINGTON-DEAR SIR: I take much pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in No INSTANCE did it fail to afford the MOST PROMPT AND DECIDED RELIEF as it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a violent Diarrhosa, which persisted for eight days. Being some sixty miles from home I made use of all the remedies I could think d but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, in justice to the Boctor, say consider it MUCH THE MOST VALUABLE MEDICINE have used in an experience of twenty years. F. M. CAPEHART.

Murfreesbaro, N. C.; Oct. 2, 1854. DR. WORTHINGTON-DEAR SIR: I take great pleasure in recommending your Cholera Medicine to the public and more especially since I have had personal experience and observation of its benefi-

I have tried several remedies put up for Cholers, &c., but have never found such happy results from any as from your invaluable remedy. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without a supply with me; and I regard it as one of the most valuable discoveries of the age. Yours, very truly, W. P. BEAMAN.

WINDSOR, N. C., Sept. 19, 1854. DR. R. H. WORTHINGTON-Dear Sir. I have made some effort, and have succeeded in introducing your Medicine to the public, and I find it is taking very well indeed; and the result is, that I have nearly sold what you sent me. I. thereed. I hope you will soon send me a supply,

GEORGE W. McGLAUGHON.

[From the Murfreesboro' Gazette.] Musses. Editors In looking over the last number of the Gazette, I found a communication from our friend, Mr. L. P. Spiers, rcommending Dr. R. H. Worthington's Cholera Mixture to the public, for the cure of diarrhoes, dysentery, and own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every family as an invaluable remedy, and every individual to procure a bottle and keep it by them in these times of R. R. PARKER. Murfreesboro, Aug. 30th, 1854.

This is to certify that I have used Dr. R. H Worthington's Cholora medicine in my family for the last four or five weeks, in several cases of Bowel Complaint, so common in our vicinity, with invariable success. One of the cases was that of a negro child, some four or five months old, who was so emaciated by the effects of the disease, that its life was nearly despaired of, when my wife happened to think that she would try the Cholera Medicine, and did so with complete success in less than forty-eight hours. - I am throughly of opinion that no family should be without so fine a medicine Given under my hand, this 3rd day of October,

A. W. DARDEN.

Dr. R. H. Worthington. It affords us pleasure to say that we have used our Cholers Diarrhos medicine for the last twelve nonths, and have found it invariably successful, ropean plan, and ready for the reception of the in relieving speedily the cases in which we have have have had occasion to use it. We entertain a high appreciation of its value, and have no hesitation in expressing the opinion that it will prove to be a valuable family medicine. RICHARD G. COWPER.

The cases are made of rose-wood, and are as handsomely finished as any piano-forte. The key-board is precisly the same fore, wish you would send me some more as soon as the piano or organ, and the tone (which is very as you can. \* \* \* I have not the slightest beautiful) closely resembles that of the flute stop doubt but that this Medicine is the very best reme- of the organ—the notes speak the instant the keys dy out for the disease for which it is recommend- are touched, and will admit of the performance of as rapid passages as the piano. The pedal on the right supplies the wind, and works so easily that a child can manage it without any exertion. The bellows (which is something entirely new and for which a patent was granted in December, 1849. is a reversed or exhaustion bellows and it is this in a measure which produces the peculiar tone. The volume of tone is equal to that of a small organ, and by means of the swell may be increased or diminished at the pleasure of the performer; it is sufficiently loud for small churches, and is other kindred diseases. CAUTION-We commenced the manufacture of the Improved Melodeon in 1847, since which time we have finished and sold over Fourteen Thousand. During the past three years, we have finished over Three Thousand Melodeons per year; we have nearly completed our arrangements for finishing Four Thousand annually. The celebrity which our Melodeons have attained has induced nearly every music dealer in the United States and Canada to apply for the agency; but as we make but one Agent in each city or town, many are necessarily disappointed. The result has been that our Name Plate has been put upon Melodeous which were not manufactured by us; and again, (in a few instances wchch have come to our knowledge) dealers, who have been unable to obtain our instruments, have iscepted the agency of some other manufacturer -keeping one of our instruments which had purposely been put out of tune, and in bad order, as a foil to the inferior article they offered to the public. No person can feel well while a scative habit of

No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and

stantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Fills, we may mention:

DR. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the

HON. EDWARD EVERETT, Senator of the U. S. ROBERT C. WINTHROP, Ex-Speaker of the House f Representatives ABBOTT LAWRENCE, Minister Plen. to England. Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hon. W. L. Maror, Secretary of State. Wm. B. Astor, the richest man in America.

3. LELAND & Co., Propr's of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found

the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a mamner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherty been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine has a surer and the process.

medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known!
