## Raleigh and Gaston Railroad.

NOTICE is hereby given, that from and after the 30th January, all dues to this Road for freight and passenger tickets, and for other dues, except on way freight, which must be paid in advance or on delivery of the goods, as the case may be.

This arrangement will afford great advantages to our customers, by superseding the necessity of their employing more than one forwarding agent between New York and Raleigh, and having their goods or produce subjected to only one handling.

Agents cannot violate the above rule without subjecting themselves to a penalty. The greatest care will continue to be taken by the officers and agents of the Company in every department of its business to accommodate the public and promote the interests of its customers.

While the Western merchants are going North, a passenger train will leave Raleigh in the afternoon, on the arrival of the train from the West on the N. C. Road; due notice of which will be given.

By order of the Board of Directors,

L. O'B BRANCH, President.

As the Company has two Depots in Raleigh, merchants ordering goods to go up the N. C. Road are requested to have them distinctly marked, so that their destination may be known, and they may be loaded to the through Depot from Petersburg or Portsmouth.

## Prime Merino Stock for Sale.

The undersigned, Wool Growers and breeders of genuine Merino Stock, offer for sale about 50 Merino Buck Lambs at their residence, which will be ready for delivery on and after the first of September. Also 7 young Bucks. The lambs are sired by bucks which have, invariably, taken the first premiums at every State Fair in N. C. and Va. at which they have been exhibited. Evidence is furnished that the stock is of the best quality, and that the lambs are of fine quality, as evidence of which, the clip from them in 1854 sold as high in Richmond as any clip we have heard of in the United States for the same year. Mr. Lawrence, the greatest Woolen Manufacturer in the United States, Lowell, Massachusetts, has given our wool the preference over the Northern, he having purchased it last year and already made application for it again. We make no extra charge for boxing up, in a secure manner, any stock ordered, and put them on the James River Canal or the Danville Railroad, accompanied by proper instructions for feeding and management; but in no case will we be liable for accidents—also instructions as to the route and point of destination. The price of our first choice lambs is \$15, the second \$10, grown Bucks \$25.

The transportation is much cheaper when a clip is sold and a large number sent at once—When 10 or more are ordered to go in a parcel, we make some difference in price.

## TO THE PUBLIC.

The subscriber is pleased to inform the public that the MEDICINE for Cholera and Diarrhoea affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testimonials of its efficacy.

DR. R. H. WORTHINGTON—DEAR SIR: I take much pleasure in adding my testimony to others in favor of your remedy for Cholera, &c., having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, and here permit me to say I would as soon think of travelling without money as without this remedy, and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in no instance did it fail to afford the most PROMPT and DECISIVE RELIEF as it has done here. I congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind, and alleviate suffering than any other ever brought before the people.

L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a violent Diarrhoea, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family, and, in just time, I have seen it confer relief on those who have used it. MURFREESBORO, N. C. Oct. 2, 1854.

DR. WORTHINGTON—DEAR SIR: I take great pleasure in recommending your Cholera Medicine to the public and more especially since I have had personal experience and observation of its beneficial effects.

I have tried several remedies put up for Cholera, &c., but have never found such happy results from any as from your invaluable medicine. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without a supply with me, and I regard it as one of the most valuable discoveries of the age. Yours, very truly,

W. P. BEAMAN.

Windsor, N. C., Sept. 19, 1854.

DR. R. H. WORTHINGTON—DEAR SIR: I have made some effort, and have succeeded in introducing your Medicine to the public, and I find it is taking very well indeed; and the result is, that I have nearly sold what you sent me. I therefore, recommend your Medicine as a most valuable remedy, and every individual to procure a bottle and keep it by them in these times of cholera. R. R. PARKER.

Murfreesboro', Aug. 30th, 1854.

[From the Murfreesboro' Gazette.]

Messrs. Editors:—In looking over the last number of the Gazette, I found a communication from our friend, Mr. L. P. Spiers, recommending Dr. R. H. Worthington's Cholera Mixture to the public for the cure of diarrhoea, dysentery, and other kindred diseases. Having experienced it in my own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to the most extensive use, as an invaluable remedy, and every individual to procure a bottle and keep it by them in these times of cholera.

Geo. A. Prince & Co.

PRINCE & CO'S IMPROVED PATENT MELODEON, Geo. A. Prince Co., Manufacturers, No. 200 Main Street, Buffalo, N. Y. Wholesale Depot, 87 Fulton Street, N. Y.

For the convenience of Music Dealers in all parts of the United States, we have made arrangements with the following firms, who will supply the trade at our regular factory prices; GEO. P. REED & CO., 17 Tremont Row, Boston, Mass.; COLBURN & FIELD, 154 Main Street, Cincinnati, O.; BALDWIN & WEBER, 58 Fourth Street, St. Louis, Mo.; General Agents for the State of Virginia, HALL & SON, No. 236 Broadway, opposite the Park.

PRINCE & CO'S IMPROVED MELODEONS. The oldest establishment in the United States.—Supplying the leading men, and finishing eighty instruments per week.

DESCRIPTION OF THE MELODEON.—For the benefit of those residing at a distance, and consequently unable to inspect the Melodeon before purchasing, we endeavor to give a short description of the Instrument. The cases are made of rose-wood, and are as handsomely finished as any piano-forte. The key-board is precisely the same as the piano or organ, and the tone (which is very beautiful) resembles that of the flute stop of the organ—the notes speak the instant the keys are touched, and will admit of the performance of as rapid passages as the piano. The pedal on the right supplies the wind, and works so easily that the volume of tone is equal to that of a small organ, and by means of the swell may be increased or diminished at the pleasure of the performer; it is sufficiently loud for small churches, and is well calculated for a parlor instrument. Hundreds have examined them, and all have been loud in their praise; and the best evidence of their merit is their rapid sale. But it is a new instrument—a new invention—and is yet but little known in the musical world, and it is for this reason that we call it the MELODEON. It is a simple instrument, and is so constructed that there are thousands who would lose no time in securing one, were they aware of the existence of such an instrument, and the low price at which it could be obtained.

The following letter from LOWELL MARSON, Boston, to G. P. REED, we are permitted to use.

MR. GEO. P. REED, No. 17 Tremont Row, Boston, Mass.

DEAR SIR—At your request, I have examined one of the Melodeons manufactured by Messrs. Geo. A. Prince & Co. of New York. The instrument is in all respects equal and in some respects superior to any other of similar kind which I have seen, and in particular with respect to quality of tone and promptness of touch, or action of the key-board, and also in its neatness of finish and in the arrangement of the keys, which is very certain and distinct articulation of tone. An instrument of this kind is the best substitute for an organ, in church music, with which I am acquainted.

LOWELL MARSON.
