> SHOCCO SPRINGSIII FOR SALE!

THIS ancient and well known watering place, in Warren County, N. C., purchased by me from Mr. Samuel Calvert, in 1863, for the sum of Thirty Thousand Dollars, since which time many tions and improvements have been made.-Last season, it accommodated at one time 600 visitors, and is capable of accommodating 550 with comfort. The receipts for last year amounted to over \$17,000, as the books will show. The salutary effects of its waters have been so

long known and appreciated in North and South Carolina and Virginia, that it is needless to speak of them. As a heautiful resort and agreeable watering place, it may be said to have been without a rival for the last 40 years. It is situated 8 miles south of Warrenton, and

10 miles from the Raleigh and Gaston Rail Road, -very accessible thereby from the lower and middle portions of North Carolina and Bastern Virginia. The tract of land attached contains 460 acres—the quality of the soil being equal to the best Warren lands, which are generally known

It will be sold at Public Auction, at the Springs, on Wednesday, the 12th of September ensuing. The terms of sale will be very accommodating to the purchaser; a moderate cash payment, (not exceeding one-fourth,) and the residue scattered over a period of ten years. They will, however, be more particularly made known on the day of KEMP P. ALSTON. August 10, 1855

10 THE PUBLIC .- The subscriber is pleased to inform the public that his CHOLERA AND DIABRHEA MEDICINE affords more prompt relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testimonials of its efficacy .

DR. R. H. WORTHINGTON-DEAR SIR; I take much pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c., having so frequently experienced its beneficial re-sults in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Baltimore, (and here permit me to say I would as soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in No INSTANCE did it fail to afford the MOST PROMPT AND DECIDED RELIEF as it has done here. congratulate you, and especially the public, on the discovery of a medicine which is better calculated to protect mankind and alleviate suffering than any other ever brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a violent Diarrhosa, which persisted for eight days. Being some sixty miles from home, made use of all the remedies I could think of but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholera, &c., and was dvised to use it. I did so, and to my astonishment, one single dose gave speedy and permanent relief, since which time I have used it frequently in my family; and, is justice to the Doctor, say consider it MUCH THE MOST VALUABLE MEDICINE ! have used in an experience of twenty years. This is to certify that I have used Dr. R. H. orthington's Cholora medicine in my family for the last four or five weeks, in several cases of Bowel Complaint, so common in our vicinity, with invariable success. One of the cases was that of a negro child, some four or five months old, who was so emaciated by the effects of the disease, that its life was nearly despaired of, when my wife happened to think that she would try the Cholera Medicine, and did so with complete success in less than forty-eight hours .- I am throughly of opinion that no family should be without so fine a medicine Given under my hand, this 3rd day of October,

highly valuable water-power on a never failing stream, with an abundant supply of water, and near the Railroad. THE subscriber, intending to remove to the

southwest, wishes to sell his OIL, GEIST, AND SAW MILLS situate on Neuse River, about nine miles northeast of the city of Raleigh, and two and a half miles from Huntsville Depot, on the Raleigh and Gaston Railroad.

The mill tract contains about thirty two acres of land lying on both sides of the river. The OIL MILL is in perfect order, its machinery is of the most approved construction, and is capable of producing fifteeen thousand gallons, per short, presents a picture of the entire country as and most favorable opportunity is thus offered to There are also attached to it one of Carver's larhad occasion to use it. We entertain a high ap- gest size cotton gins and a cotton screw. Fifteen years' acquaintance with the oil making business

The SAW MILL, re-built two years ago, and running with Hotchkiss's vertical wheels, is surpassed by few in the country, and a ready sale

is found for the lumber at the mill. The GRIST MILL has a large custom, and being in a thickly settled and largely graph growing neighborhood would, with slight repairs, command a custom yielding 500 barrels of toll corn a year, while at a small expense a flour mill could be attached to it which would yield an annual toll of one thousand bushels of wheat.

A more favourable opportunity for a profitable investment, in Wake county, has never been presented. In the hands of a prudent and energetic man, who would give them his personal attention, these mills would pay for themselves in a very short time.

The author goes into an examination of the statistics of California to ascertain her actual value to the Country, compared with he cost He gives her full credit for her gold, examines her other resources, agricultural and commercial, and comes to the conclusion that, in spite of the treasure she has been pouring so liberally into the world's lap, she has not yet paid for herself Much space is devoted to the question of her present solvency and her future prospects, and the views advanced are to us novel. A residence of three years in California, in which the author has, at different periods, dwelt in all its regions, from San | been Francisco up to the mines, has given him a right to speak upon it, and he utters no half way opinion. He is positive in his statements, and copious in his citations of facts bearing upon them. There is a fair share of adventure in is volume. The author sees all the lions of the Eureka State, goes into the drinking and gambling saloons of San Francisco and gives us an account of their interior, witnesses a bull and bear fight and descrithe new State, works at the mines, both Northern and Southern, and gives in his experience, which, in one case at least, is very amusing, and, in he saw it. We believe the book is destined to at-

tract attention. There is a freshness and naivete about it which removes the class of common works of travel." - Southern Quarterly Review, "Aside from his own experience, the author advances a number of statistics and general facts in proofs of the trath and in vindication of the severity of his allegations. The book is very entertaining, and will be read with great interest by every body.

"The author is a North Carolinian. He has wnitten his book in a very agreable style, and relates many interesting incidents. " It is well written, and cannot be read but with wonder and amazement. The work must have a

great run." " Mr Helper supports his inferences and deductions by as array of facts and figures which stand out in sold relief when contrasted with the statements sometimes made and believed that California is hardly tess than an earthly paradise. As we design shortly to give an extended notice of the book. we forbear more comment at the present time, farther than to say that we have also resided for several years in the "golden State," and know personally that most of the statements made in the book (dismal as they are) are briefly true."

"It is a book of merit in point of ability, and of value in its facts and truthfulness."
