The furrow opened by it was very generally 13 inches deep and about 20 inches wide, in hard, close land, and most effectually and perfectly cleaned out, none

of the sod earth falling back into it. The trial of the plow was witnessed by many of my neighbors, among whom I will mention Messra Frank R. Nelson, J. H. Genett, J. H. Lewis, C. B. "I am happy to say of your Carnasure Prize, that I have found thom a better family medicine for common use than any other within my knowledge. Many of my friends have realized marked benefits from them, and coincide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but safe and pleasant to be taken — qualities which must make them valued by the public when they are known. The venerable Chancellor WARDLAW, writes from Balth

Sir: I have taken your Pills with great benefit, for the listlessness, languar, loss of appetits, and Billious headachs, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing suscess. You make medicines which care, and I feel it a pleasure to commend you for the good you have done and are done. POHN F. BEATTY, Rac., Sac. of the Penn. Railroad Co., says.—

"Sex: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectural and Cathartic Pills. I am never with out them in my family, nor shall I ever consent to be, while my

means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes, —

"Having used your Carmanne Phas in my practice, I certify from experience, that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigention, contiveness, and the great variety of diseases that follow, they are a source remady than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are more in their operation, and perfectly safe — qualities which make them an invaluable article for public use. I have for many years known your Cherry Pentarul as the best Cough medicine in the world, and these Pills are in no wise infarior to that admirable preparation for the treatment of diseases."

write, can only be imagined when you realize what I have suffered, and how long.

"Never until now have I been free from this loathstone disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my hope, and destroyed my hair, and has kept me partly baid all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks ago I commenced taking your Cathartis Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth; all of, which makes me feel already a new person.
