Singer's Sewing Machines. A LL Persons who desire to obtain full and re-liable information respecting SINGER'S SEWING MACHINES—their price, capabilities, advantages, sizes, improvements, method of work-ing, means of procuring them, and all other particulars—can do so by applying at our office No. 523 REGADWAY, NEW YORK,

by letter, or in person for L. M. SINGER & CO'S GAZETTE. This paper is devoted entirely to the Sewing Machine interest. Copies will be supplied gratis to all interested. N. B - The unparalleled success of our Sewing Machines has induced several fraudulent imita-

tions of them, besides numerous infringements of our patents-of which we own sixteen Suits for the infringement of our patents have recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey .--In these suits the great principle of Holding down the fabric to be seved to the surface of the Machine, by a yielding pressure which is used in all Sewing Machines—has been fully established. The Whyeler & Wilson, and the

Grover & Baker Sewing Machines, as we allege, each infringe three distinct pitents, owned by us. We have suits against them in several of the U. 8. Courts, which will soon be tried. We hereby eaution the public not to buy any infringing Machines, as they can be compelled by law to stop using them, and to pay costs and damages. Local Agents wanted to make sales of our improved Sewing Machines. To persons properly qualified for the business, a rare opportunity for profitable and pleasant employment is offered.

New and improved Machines exchanged on liberal terms for old Machines of every rind. 1. M. SINGER & CO., Principal Office, 323 Broadway, N. Y. May 80, 1856.
