Harness Buckle. THE Subscriber, having purchased the sole right to make and sell the above Patents in the State of North Carolina, would respectfully inform the public that he is now prepared to sell Shop and County rights to those who may wish to engage in a profitable business. A minute description of all these articles would be unnecessary in this notice, as I intend to have about 1200 acres, well adapted to the growth of Agents to traverse the State, with samples of all of them, and fully authorised to sell and make good titles.

The STIRRUP is truly a life preserver, as it i impossible for a man (or woman) to get the foot fast in it; for it is so constructed, that by means of a cross bar and spring the foot cannot get fast, so as to endanger the rider; if he should get thrown. his foot is loosed by the first motion of the stirrup The HAME. COLLAR and HARNESS Buckle.

have only to be seen to be admired, and fully appreciated The Hame to the farmer will be an invaluable improvement, as the horse's shoulder careely ever can get galled or bruised at #11 with it, as the pressure is on the inside of the Hame, and makes a uniform pressure on the shoulder from top to bottom. There is very little strain on the hame-strings, while thehorse can pull one third more than with the old hame and iron, and with less danger of the shoulder getting hurt. The patent irons can be made and put on the old hame by any Blacksmith that can use tools. The whole thing—Stirrup, Hame, Collar, and Buckle—is so simple, cheap, and of so much importance to farmers, and those who ride on borse-back, that they will centainly take the place of all others of their kind. I would just say to Saddlers and Blacksmiths, if your neighbour gets these things, and you dont, he will be in your way very much, for that is what it's doing where it has been introduced. We say then: Look-

out for yourselves and dont let the old cry about Patent Humbugs deceive you. relief in the various affections of the Bowels, and consequently more satisfactory to all who have used it, than any other Medicine ever offered to the public. The following are among many testi lals of its effency .

DR. R. H. WORTHINGTON-DEAR SIR: I take Dn. R. H. Wonvernoron—Dnan Sin: I take much pleasure in adding my testimony to others in favor of your remedy for Bowel Affections, &c. having so frequently experienced its beneficial results in my own case, as well as in many others to whom I have given it. I carried a bottle of it with me to Bultimore, (and here permit me to say I would an soon think of travelling without money as without this remedy) and finding many among my acquaintances there who were suffering with various forms of Bowel Affections, I gave it freely, and in no instance did it fail to afford the most recept into the process of the sour recept into the process of the sour recept into the process of the sour recept into the sour recept in the source of the I congratulate you, and especially the public, on the discovery of a medicine which is better calcu-lated to protect mankind and alleviate suffering than any other ever brought before the people. L. T. SPIERS.

This is to certify that, some weeks back, I was taken with a violent Diarrhom, which persisted for eight days. Being some sixty miles from home, I made use of all the remedies I could think of, but without affording any relief. On arriving at home, I was informed that Dr. R. H. Worthington had prepared a remedy for Cholers, &c., and was advised to use it. I did so, and to my astonishment, one single dose gave speedy and permanen relief, since which time I have used it frequently in my family; and, in justice to the Doctor, say consider it much the most valuable medicine have used in an experience of twenty years. P. M. CAPEHART

Murfressboro, N. C.; Oct. 2, 1854. Dr. WORTHINGTON—DRAM SIM: I take great leasure in recommending your Cholera Medicine

to the public and more especially since I have had personal experience and observation of its benefi-cial effects. I have tried several remedies put up for Cholera, &c., but have never found such happy results from any as from your invaluable remedy. I have such unbounded confidence in its efficacy, that I am unwilling and will not leave home without a supply with me; and I regard it as one of the most valuable discoveries of the age. Yours, very truly,

DR. B. H. WONTHINGTON-Dear Sir . I have ade some effort, and have succeeded in introdu taking very well indeed; and the result is, that I have nearly sold what you sent me, L therefore, wish you would send me some more as soon as you can. . . I have not the slightest doubt but that this Medicine is the very best remedy out for the disease for which it is recommend ed. I hope you will soon send me a supply, as would not like to get entirely out of it.

Yours, truly, GEORGE W. McGLAUGHON.

Mrssns. Eprrons In looking over the last number of the Cazette, I found a communication from our friend, Mr. L. P. Spiers, roommending Dr. R. H. Worthington's Cholera Mixture to the public, for the cure of diarrhoes, dysentery, and other kindred diseases. Having experience in my own case, the happy effects of its use, as well as other members of my family, I can safely say that I regard it superior to any remedy we have ever used, in an experience of twenty years. I would, therefore, recommend it to every family as an invaluable remedy, and every individual to procure a bottle and keep it by them in these times of B. B. PARKER

Murfreesboro, Aug. 30th, 1854. This is to certify that I have used Dr. R. H. Worthington's Cholors medicine in my family for the last four or five weeks, in several cases of Bowel Complaint, so common in our vicinity, with invariable success. One of the cases was that of a negro child, some four or five months old, who was so emaciated by the effects of the disease, that its life was nearly despaired of, when my wife happened to think that she would try the Choiers Medicine, and did so with complete success in less than forty-eight hours. - I am throughly of epinion that no family should be without so fine a medicine Given under my hand, this 3rd day of October

MURFRESBORO' N C. Dr. R. H. Worthington. It affords us pleasure to say that we have used your Cholera Diarrhesa medicine for the last twelve months, and have found it invariably successful in relieving speedily the cases in which we have had occasion to use it. We entertain a high appreciation of its value, and have no hesitation expressing the opinion that it will prove to be a

valuable family medicine. RICHARD G. COWPER. B. F. SPIERS. Sold by P. F. PESCUD, Raleigh, and by Druggists generally.

"Bin: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicine My with was curred, two years since, of a severe und dangerous cough, by your Chizari Pictorial, and since then has enjoyed perfect health. My children have several times been cured from attacks of the Indicense and Croup by it. It is an invaluable remedy for these complaints. Tour Cavazatto Pills have on tirely curred me from a dyspepsia and contiveness which have grown upon me for some years: indeed, this cure is much more in portant, from the fact that I had failed to get relief from the least Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You seem to us, Doctor, like a providential blessing to our family, add you may well suppose we are not unmindful of it. Yours respectfully,

"Dr. J. C. AYES. Honored Sir: I have made a thorough trial of the Carmanno Finas left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first disse relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your Carmanno Finas. Yours with great respect, LUCIUS B. METCALP."
