In July of 1852 the Sioux Indians were accused of theft by a party of emigrants. The commander at Fort Laramie immediately dispatched a company of 25 men, under command of a lieutenant.

The unjustifiable order was, of course, followed by a general charge by the Indians, and only one soldier escaped to tell the result.

THE ARREST FOR MAIL ROBBERY IN NEW HAVEN.

It soon appeared that the missing mails were hidden in a box on the railroad near New York and Boston.

It is further remarked that Mr. A. Marshall, editor of the Boston (Times) Independent, has recently made some "sweeping" remarks from four grounds from the seat of the sugar cane.
