from the face and skin. Prof. Wood's Hair Restorative will do all this. See circular and the following:

ANY ARBOR, November 5, 1856.

PROF. Q. J. Wood—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quartery and quark nostrums, hair dyes, etc., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quark remedies, until I met you in Lawrence county some mining street, when you gave me such assurance as induced the trial of your Restorative in my family—dire by my good wife, whose heir had become very thin and entirely white, and before exhausting one of non-saline beautiful brown color, and had thickened and become beautiful and glossy upon, and entirely over the head; brown color, and had thickened and become beautiful and glossy upon, and entirely over the bead; she continues to use it, not simply because of its beautifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidentially recommend its use by all who would have their hair restored from white or gray (by reason of sickness or age,) to original solor or beauty, and by all young persons who would have their hair beautiful

glossy.
Very truly and gratefully yours,
SOLOMON MANN.

FRIEND WOOD: It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in De-troit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, Again, very respectfully and truly yours, SOLOMON MANN.

CARLYLE, 1LL., June 28, 1852. I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects.
