HOT SPRINGS. VIRGINIA, The Great Thermal Watering Place of the Ameri can Continent

Nature's Remedy for Chronic Diseases. THE Hotel at this place will be open for the reception of visitors on the first of June next. In the number of its MINERAL SPRINGS, the variety of their temperatures and their extraordinary remedial powers in many of the most serious, painful and dan-gerous CHRONIC DISEASES that afflict the human race, this watering place offers to INVALIDS suffer-ing from the maladies in which THERMAL WATERS are indicated means, for the recovery of health which can be found at no other in the United States. Number of the Baths-Diseases in which

they are indicated .- Effects of the Waters taken internally, or used as a General Bath. The supply of Mineral Water is most abundant, and there are TEN BATHS constantly supplied with fresh water from separate springs of various tempera-tures, from 78° to "105 Fahrenheit. In all cases of acute disease, the hot baths are contra-indicated, but n the chronic forms of

Diseases of the Liver, Rheumatism Gout, Chronic Diarrhea, Old Injuries to the Neuralgia. Paralysis, free from Muscles, Joints and inflammatery action. Tendons.

Spinal Invitation, and Some Diseases Peculiar to Females,
the remedial properties of the waters of the VIRGINIA HOT SPRINGS are unrivalled. Their ALTERATIVE AND CURATIVE POWERS are unsurpassed by those of any other Mineral Water on the face of the clobe.

Many persons afflicted with the diseases enumeral ed above, in forms which had resisted the most skill-ful medical treatment, and had rendered the lives of the sufferers alike wretched and useless through long years of pain, have been restored to perfect health by their use. And in many of these cases not only medi-cal science, but other Mineral Springs of the highest reputation had failed to afford relief.

Of the vast number now suffering with such mala-dies, there are few, indeed, who would not be either carand diaphoretic. Used as a general bath, they equalize an unbalanced circulation; and restore to the different an unbalanced circulation; and restore to the different important organs of the system, when torpid, that nat-neal and healthy sensibility without which they cannot perform their respective functions, and the beneficial ac-tion of all remedies will be diminished or destroyed— They act powerfully upon the Liver, Kidneys and kin; relax contracted tendous and rigid muscles; rouse up suppressed secretions; excite the action of the absorbent vessels; exert a salutary influence over the uterine system, and often relieve, in a short time, exeruciating pain, caused by serious and long-stand-

Diseases of the South. In no class of human maladies have these waters prevail in the SOUTHERN and SOUTH-WESTERN STATES. " In that state of the body termed CACHECTIC;

the consequence of derangement of the Stomach, Liver and Spleen, among the residents of marrby countries, and distinguished by a pale or sallow complexion, puffy skin, swelled extremities, &e.," the baths here the enlarged condition of the LIVER and SPLEEN, more extensively in the manufacture of it. And which so frequently follows the bilious fevers of the South, their great value is unquestionable.
