HOT SPRINGS. VIRGINIA, The Great Thermal Watering Place of the American Continent.

Nature's Remedy for Chronic Diseases. THE Hotel at this place will be open for the reception of visitors on the first of June next. In the number of its MINERAL SPRINGS, the variety of their temperatures and their extraordinary remedial powers in many of the most serious, painful and dangerous CHRONIC DISEASES that afflict the human race, this watering place offers to INVALIDS suffer ing from the maladies in which THERMAL WATERS are indicated means, for the recovery of health which can be found at no other in the United States.

Number of the Baths. Diseases in which they are indicated. Effects of the Waters taken internally, or used as a General The supply of Mineral Water is most abundant, and there are TEN BATHS constantly supplied with fresh water from separate springs of various temperatures, from 78° to °106 Fabrenheit. In all cases of

acute disease, the hot baths are contra-indicated, but in the chronic forms of Rheumatism Diseases of the Liver, Neuralgia, Old Injuries to the Paralysis, free from Muscles, Joints and inflammatory action. Tendons. Spinal Irritation, and Some Diseases

Peculiar to Females, the remedial properties of the waters of the VIRGINIA HOT SPRINGS are unrivalled. Their ALTERA-TIVE AND CURATIVE POWERS are unsurpassed by those of any other Mineral Water on the face of the Many persons afflicted with the diseases enumerat

the sufferers alike wretched and useless through long years of pain, have been restored to perfect health by their use. And in many of these cases not only med cal science, but other Mineral Springs of the highest reputation had failed to afford relief. Of the vast number now suffering with such mala-dies, there are few, indeed, who would not be either cared or greatly relieved by these waters. When drank, they are anti-acid, mildly aperient, and freely diuretic and disphoretic. Used as a general bath, they equalize an unbalanced circulation; and restore to the different mportant organs of the system, when torpid, that natural and healthy sensibility without which they cannot perform their respective functions, and the beneficial action of all remedies will be diminished or destroyed.—
They act powerfully upon the Liver, Kidneys and Ekin; relax contracted tendons and rigid muscles; rovse up suppressed secretions; excite the action of the absorbent vessels; exert a salutary influence over

"In that state of the body termed CACHECTIC, the consequence of derangement of the Stomach, Liver and Spleen, among the residents of marshy countries, and distinguished by a pale or sallow complexion, puffy skin, swelled extremities, &c.," the baths here often act like a charm.

In Chronic Diarrhea, depending, as that disease generally does, upon a deranged and imperfect action of the Liver and Skin, the powerful influence which these waters exert upon a both these important organs makes them a remedial agent of unequalled power.

Cases of this disease have been thoroughly cured a the Hot Springs—the powerful excitant action of the waters upon the absorbent vessels enabling them sometimes to cure enlargements of this gland, as well as those of the Liver and Spleen.
