Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood by which this finid becomes vitiated, weak, and poor Being in the circulation, it pervades the whole body and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The screfulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the ter of the Country.

Under the suspices of this popular Institution, over three hundred thousand homes have learned to appreciate—by beautiful works of art on their walls, and ciate—by beautiful works of art on their walls, and constitution, descending "from parents to children constitution, descending "from parents to children unto the third and fourth generation;" indeed, it was the state of the constitution of the third and fourth generation; "I will visit it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which in the lungs, liver, and internal and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores.— This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases: consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the sys-THE COSMOPOLITAN ART JOURNAL." tem. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause. One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an altera-

tive medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such rs ERUPITIVE AND SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE OR ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS, and Boils, Tumors, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC MERCURIAL DISEASE, DROPsy, Dispersia, Debility, and indeed all complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitu-

AYERS CATHARTIC PILLS. For all the Purposes of a Family Phisic, are so composed that disease within the range of their action can rarely withstand or evade them Their penetrating properties search, and cleanse and invig-orate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanic, containing certificates of their cures and directions for their use in the following complaints : Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indi-A RCTIC ADVENTURE, BY SEA AND gestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Applitie, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming an even desperate dis-eases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this too numerous and too remarkable to be forgotten.
