WHITTARHOR CHISMAN'S YEAST POWDERS The rout of the Yankees at Front Boyal and

dous uprising for the defence of the National Cap ital.

The Northern press were much excited over the news, and the New York Herald said it "could duly be regarded as a very unfortunate event." "The rebels," continues the Herald, "have doubtless received valuable military stores to a considerable amount, at Front Royal, Stru-burg and Winchester, and the extensive region conquered from the rebellion, and the successful labours therein of General Banks of the last three months in behalf of the Union are lost in this single overwhelming dash of the enemy." THE FEELING IN NEW YORK.

The news caused the greatest excitement in New York. The N. Y. Herald says that "lears were uttered on every side, while denunciations of some of the powers that be in Washington were not at all so rare or unfrequent as they might have been. Men in uniform were to be seen pushing along excitedly through the streets, and the armories of the various regiments were thronged with people."

THE FRELING IN BALTIMORE. The feeling in Baltimore on the news of the advance of Stone wall Jackson into Maryland was intense. The streets were crowded and the authorities feared an uprising of secessionists.-Baltimore street," says a dispatch to the New York Herald, is crowded with excited people from Calvert to Holday street. There is great excitement. The crowds are chasing obnoxious people (i e, secession s e,) as i occasionally beating them. The people have just demanded the display them. The people have just demanded the display of all the stars and stripes from all the newspaper offices and public buildings. The demand was complied with, the *News Sheet* being the last to unfurl the flag to the breeze. "The excitement is fearful, and prominent scccssionists have disappeared from the streets."

THE LATEST.

THE LATEST. We have received New York and Philadelphia papers of Thursday, the 19th inst., but at such a sate hour that we can only briefly mention, the most prominent news contained in them. Great fears were still felt throughout the North that Jackson would capture. Washington. The celebrated New York Seventh, the rame that our Mayor and many of our citizens made themselves such fools over not long since—had arrived in Baltimore, en route to Washington. Several reg-iment of militia were also about leaving New York for the same destination. Gen. McClellan telegraphs Lincein's Secretary of War that the battle of Hanover C. H. resulted to a complete "rout of the rehels," the Yankees taking "500 pricears and more coming in." Our lists is set down at 1,000 in killed and wounded, and that of the Yankees at 379.
