

IMPORTANT FROM EUROPE. GREAT EASTERN OFF CAPE RACE—LORD PALMERSTON AND MEDIATION—HE CAN SEE NO GOOD RESULT TO BE DERIVED THEREFROM—THE EMILY ST. PIERRE.

CAPE RACE, July 8.—The steamer Great Eastern passed off this point at 1 o'clock this afternoon.

Lord Palmerston, in the course of the debate, said that he could see no good result to be derived from the proposed mediation, but the Government would not with pleasure take advantage of any proper opening to mediate.

The Morning Post editorially contends that the mediating efforts in Virginia had been completely unavailing, and that the Government should cease the offensive, and content themselves with action on the defensive.

The House of Lords, Brougham deploring the continuation of the civil strife and its consequences to Europe. He thought it impossible for England to interfere, but expressed the opinion that the Americans would see the suicidal character of the struggle, and come to amicable arrangements before they entirely lost the respect and affection of Europe as a nation.

The financial credit of the country has received a shock from the disaster to McClellan's army from which it will not easily recover. Previous to his being driven back from his position before Richmond, Government stocks were at an unprecedented premium, and the credit of the country never stood so high.

There is a time to keep silence and a time to speak. The campaign has concluded with our repulse from below Richmond. The campaign to come will require new troops, new plans and new combinations, with, perhaps, new emergencies of foreign complications. The time has come, therefore, to expose, rebuke and correct the errors, and mismanagement of the past, in order to secure a thorough reformation for the future.

FROM THE SOUTH WEST. GRENADA, July 11.—Memphis papers, dated the 9th, state that Andy Johnson was dining in that city. The Union and Appeal, of Memphis, (Grant's organ,) says that Butler has conscripted 5,000 slaves and put them to work upon the canal opposite Vicksburg.

HOW THE YANKEES LIE. MOBILE, July 12.—The Tribune, of this city, has received a copy of the New Orleans Delta, of the 10th instant, containing the following "glorious news": "Great battle fought! Richmond fallen! Fifteen thousand rebel prisoners taken!"

LATE FROM THE NORTH. THE DEFEAT OF MCCLELLAN ACKNOWLEDGED.

Baltimore papers of the 9th instant, containing New York advices to the 7th, have been received. The comments of the press tell the tale of the disaster.

General McClellan has failed to take Richmond, and has suffered serious losses in men, artillery and warlike materials and stores in his struggle to extricate himself from a position rendered untenable from the heavy reinforcements sent to the army of the Confederates, and from the very scanty reinforcements to his own.

Unfortunately, however, this well considered plan was set aside by the disorganizing abolition radicals of Congress, aided and abetted by two or three political Generals of the Cabinet.

The excitement now is but the mere muttering of the storm. Wait until the long lists of killed and wounded in the recent battles are published, and the storm will be then at its height.

GLORIOUS NEWS FROM ARKANSAS—REPORTED CAPTURE OF GEN. CURTIS AND 6,000 PRISONERS. GRENADA, July 10.—Passengers from Memphis on the night steamer received the following intelligence: Gen. Hindman had captured Curtis with 6,000 prisoners. Col. Fitch being unable to reach Curtis with reinforcements, returned to Memphis with his command on Sunday.

THE ARMY OF THE WEST. General Gregg has issued a general order assuming the command of the Army of the West, as successor to General Beauregard, who has been relieved. He concludes as follows:

ADDRESS OF GEN. McCLELLAN TO THE ARMY OF THE POTOMAC. THE POTOMAC. ALL QUIET ALONG THE POTOMAC TO-NIGHT.

WASHINGTON, July 6.—Advices from the Army of the Potomac up to Saturday night indicate that all is quiet and the army in good spirits. HEADQUARTERS OF THE POTOMAC, Camp near Harrison's Landing, July 4, 1862.

SOLDIERS OF THE ARMY OF THE POTOMAC! Your achievements of the past ten days have illustrated the valor and endurance of the American soldier. Attacked by superior forces, and without hopes of reinforcements, you have succeeded in changing your base of operations by a flank movement, always regarded as the most hazardous of military operations.

THE STORM COMING. The excitement now is but the mere muttering of the storm. Wait until the long lists of killed and wounded in the recent battles are published, and the storm will be then at its height.

"All quiet along the Potomac," they say, "Except now and then a stray picket is shot, as he walks on his beat to and fro, By a rifleman hid in the thicket."

PROPOSALS FOR GUNBOATS. WASHINGTON, July 8.—None of the proposals for gunboats for the navy come up to the requirements for draft and swiftness.

THE CONFISCATION MEASURES. For some time past we have been subjected to very sharp attacks for having said that the acts of confiscation passed at Washington would raise in Europe a universal sentiment of surprise and disapprobation; and for having called attention to the fact that Austria alone, of all the European governments, retains in its political system the remnants of the plundering customs of a past age.

THE CONSTITUTIONAL. The "Constitutionnel" expresses its astonishment and indignation at a measure, which, in the middle of the nineteenth century, revives confiscation, that barbarous penalty which the progress of justice and humanity has eradicated from our codes.

THE SIEGE. "What we fear most for the cause of the North, even more than military reverses, is the fatal inspiration which has led the President to propose and Congress to adopt a law of confiscation against those persons in the South who refuse to lay down their arms within two months.

Pitt, containing 610 acres, lying upon the waters of the Roanoke River, about four or five miles below St. Tammany, and some 20 miles above Gaston. The most of the tract lies in Mecklenburg county, Virginia, bordering on Warren county, N. C., adjoining the lands of A. G. Boyd, Capt. Hunt, Dr. William T. Howard and others, and is said to be the best of the best of a very valuable tract of land. It produces well the crops usually grown in this country, Tobacco, Corn, Wheat and Oats, and it is well located, being immediately on the waters of the Roanoke, by which all the produce raised on the farm for market might be delivered on the navigation line of boats and landed in market in less than 24 hours, a very great advantage when there is a rise in the market on wheat and tobacco; or, if desired, might be sent along one of the best country roads to ever saw seven miles to Warrenton Depot, on the Raleigh and Gaston Road, and from thence to Petersburg, Richmond, Norfolk or Wilmington, giving the planter a choice of markets after reaching Weldon, N. C. The improvements on this place are of a very plain, substantial order, consisting of a dwelling house, four rooms and a passage, stable, tobacco barn, and houses for 30 or 40 negroes. The tract has a plenty of wood and water, and cleared lands on it for 15 or 20 hands, and lies in the immediate neighborhood of Natchez, Md., F. A. Hinton, P. Hinton and A. G. Boyd's new mill.
