

THE LATEST NEWS.

SUMMARY OF LATEST NEWS.

A dispatch from Charleston dated the 22nd says that occasional firing was continued during that day, but no important changes in the position of the parties had taken place. The steamer Alice, from Nassau, arrived at Charleston on Monday night.

From Mississippi it is stated that Grant was preparing to fall back, owing to the scarcity of water in his front. Grant is reported to be shipping troops down the Mississippi for the purpose of attacking Mobile. Our army has gone into permanent camp on Strong river. Lt. Gen. Hardee had arrived and taken command under General Johnston. Gen. Pemberton's corps is to be organized and placed in the field immediately.

A telegram from Kinston states that our troops attacked the Yankee raiders at Barney's place, 22 miles N. E. of Kinston, on Wednesday, taking a considerable number of prisoners, horses and negroes. The raiders were obliged to disgorge much plunder in their retreat to facilitate their escape. 150 negroes belonging in Edgecombe county were recovered.

The Baltimore American of the 21st states that Gen. Morgan made an attempt to cross the Ohio river on Sunday last near Cooleyville, when he was attacked by the gunboats, and lost 150 men drowned, 1000 prisoners, and the rest of his band were scattered among the hills. Among the prisoners was Col. Dick Morgan, brother of the General. Later dispatches state that Morgan with 1000 men was moving towards Gallipolis, closely followed by the enemy. A telegram from Hagerstown of the 19th says Meade's whole army are across the Potomac and rapidly following Lee.

A Washington correspondent of the New York Express says that Grant will soon relieve Meade of the command of the Army of the Potomac. Brigadier Gen. Armstrong, O.S.A., who was wounded and taken prisoner at Gettysburg, is dead. Perfect quiet has been restored in New York, and no further apprehensions of an outbreak are feared. Gold advanced 2 per cent in New York last Tuesday.

GEN. FITZGERALD AND CAPT. WINDER HELD FOR SAWEY AND FLYNN.

A dispatch to the New York Tribune, dated the 17th inst., says: Yesterday afternoon the rebel Gen. Fitzgibbon Lee and Capt. Winder were removed from the McClellan Hospital to Fort Monroe and placed in a casemate under guard and notice was sent to the rebel Government that if they executed Capt. Sawyer and Flynn, whom they now have in confinement and under sentence in Richmond, Gen. Lee and Capt. Winder will be executed in retaliation.

We have nothing late or reliable from the army under General Lee. The Richmond Dispatch of Thursday says:

There seems now to be a general concurrence in the opinion that the Yankees have crossed the Potomac on both sides of the Blue Ridge in considerable force. A gentleman who left Charlestown on Saturday says a heavy force of the enemy was near that point, having crossed at Harper's Ferry and Shepherdstown. The main body of Meade's army, however, are understood to have crossed at Berlin and Leesburg, and are operating on the eastern side of the Blue Ridge, with a view, doubtless, of throwing their columns between our army and Richmond.

FROM EUROPE.

The latest advices from England are dated on the 9th of July:

In the House of Commons Lord Palmerston promised Mr. Reebuck the night of Monday, the 13th of July, for the resumption of the debate on his motion for the recognition of the Confederate States.

The steamer Gibraltar, late the Sumter, had sailed from Liverpool for Nassau, N. C. She had been well repaired and strengthened, and took out the "monster guns" which caused her late temporary detention by the English authorities. It was thought that she would resume her operations as a Confederate privateer.

THE RAID IN NORTH CAROLINA.

From passengers who reached here yesterday morning on the train from Weldon, we gather a few particulars of the raid on Rocky Mount, N. C. It is referred to by us in yesterday's Express. The gang numbered between 400 and 600, and came up from Washington, N. C. This is the route supposed to have been taken, for Rocky Mount, though about the same distance from Plymouth as Washington, the route from the latter point is much the best. Either route would bring them to Tarboro, a flourishing little town in Edgecombe county, about 18 miles from Rocky Mount, and where until recently, the Government has had immense supplies of bacon, corn, etc.

The raiders reached Rocky Mount about 12 o'clock, meeting with no resistance. The small squad of 15 or 20 men guarding the bridge over Tar River, near Rocky Mount, of course did not risk an engagement with such overwhelming odds, but we presume retired in good order.

They immediately proceeded to burn the depot, destroy the water tank, and commit other acts of vandalism in the vicinity. They also burnt about five thousand bales of cotton, belonging chiefly to private individuals, which had accumulated at Rocky Mount, and a squad repaired to the large cotton factory near by, owned by Wm. S. B. Battle, where they applied the torch, and that spacious building, with all its valuable machinery, was speedily reduced to ashes. This is really a serious loss to all that portion of the State, as well as South-Side, Virginia. A very great quantity of cotton yarns made at this factory, were purchased by the people of Eastern Carolina and South-Side Virginia, who since the war, have been largely engaged in manufacturing cloth for home consumption.

The regular mail train for Wilmington, passed just 20 minutes before the arrival of the raiders, and thus made a narrow escape from capture. The train on the Tarboro Branch of the Wilmington Road was not so fortunate. It was captured by the raiders, and two car loads of ammunition, and over 20,000 pounds of bacon, were destroyed. They also attempted to destroy the cars and locomotive. We understand they only partially succeeded in this latter part of their undertaking.

The train from Weldon, which reached here yesterday afternoon, brought no intelligence later than the above. Travel and telegraphic communication between Weldon and Wilmington are now interrupted, and we can find no one who is able to inform us when it will be resumed. A military force sufficiently large to prevent a repetition of the destruction effected Monday, is now at hand on the road, but unfortunately they are just in time to be too late. The damage has been done.

BATER.

We learn by telegraph from Weldon, that the bridge destroyed by the raiders, spanned Tar River but a short distance from Rocky Mount. It was a substantial structure, some 300 yards in length. The track for a distance of a mile or two was torn up, and other damage effected, which it will require a week or more to repair.

Travel, it is thought, will be suspended, for a slight day.

If it is understood, that the raiders have only fallen back to Tarboro, distant from Rocky Mount about 18 miles. If allowed to remain at Tarboro, it will be time thrown away to repair the Wilmington and Weldon Railroad, for Yankee cavalry will be enabled to reach it in two hours' time, whenever they may feel disposed to betsey the track, that it will be useless, and we hope, however, that Gen. Robert Ransom, who is now in that direction, will quickly clean the invaders out from Tarboro.—Petersburg Express.

THE FEROCITY OF THE NEW YORK RIOTERS—BRUTALITY OF THE MILITARY.

No single incident in the New York riots better illustrates the ferocity of the rioters than the death of Col. O'Brien, of the 11th N. Y., who was in command of the military at the point where the deadliest conflict between the troops and people took place. This officer was in command of a body of infantry and two howitzers. In front of him, on Second avenue, the street was densely packed with men, women and children. He gave the order to the cannoniers to fire, and a volley of canister was sent into the crowd, followed by a rapid fire from the Minnie rifles of the infantry. A number of the mob fell dead in their tracks, including three or four women, who were looking on. One woman, and the child she held in her arms, were both killed by the artillery. The Herald in its account says:

We find in late Philadelphia and New York papers many items of interest, which have not appeared in any Southern papers. We copy the following from the Philadelphia Inquirer:

Writing Ink Manufactory. THE BOARD OF COMMISSIONERS OF APPRAISEMENT FOR THIS STATE, IS NOW AGAIN IN SESSION AT RALEIGH. July 21st, 1863. July 22—5W2t.

This ink is made from an English recipe, and is remarkable for its fluidity, brilliancy and permanency of color. It is entirely free from dregs or sediment and will not mould or thicken. Every bottle being tried before packing, it is warranted in every respect to be a decidedly superior to any ink now offered for sale. The following are some of the commendatory notices I have received as to the quality of the ink: SECRETARY OF STATE'S OFFICE, Columbia, March 17, 1853.

Mr. W. B. Johnston: Having fairly tested the bottle of Ink which you presented me with a few days since, I feel warranted in saying that I never used any Ink superior to it, and with confidence recommend it to those who wish to use the best. Very respectfully your ob't serv't, W. M. HUNTER, Secretary of State.

Very respectfully your ob't serv't, W. M. HUNTER, Secretary of State.

DEAR SIR: I have been using your Ink for several days, and do not hesitate to say that it is a very superior article. I consider it equal to any, and superior to most of the Ink made in the United States. May you become a successful manufacturer in the South-east Confederacy. Very respectfully, B. F. DeBow, Disbursing Clk'r. Dept. of Columbia, S. C.
