Brandreth's Pills. A Vegetable & Universal Medicinc.

HESE Pills cure all diseases by purifying the blood They give to all the organs of the body the proper amount of life necessary to their purification. They are a FOUNTAIN OF HEALTH TO ALL MAN-KIND, and may be justly said to give the beauty and vigor of youth to the weakness and decreptitude of age. Can it be believed that after being before the public for ninety-one years, their sale should only now be a little rising a million of boxes per year?-But so it is, and it is only to be attributed to fatal prejudice, or their sale would be at least twenty millions of boxes per year instead of only one million .-Let all the sick use them-they will soon be among the healthy; let all who would secure themselves from sickness have them by them, in case of a sudden attack; for a few doses taken when the body commences to get out of order, and the benefit is Druggists generally throughout the U. S. secured at once. Fathers and mothers, attend to this subject; sons and daughters, attend to this subject : let all men and women ask themselves the question, whether what has stood the test of time so long does not deserve some attention.

And who is to be benefitted? Those who use the Brandreth Pills. They are the ones that receive the interest of a thousand per cent. How? In a present payment of health, of vivacity for duliness, of brightness and clearness of perception, in place of cloudiness and confusion of mind.

Brandreth's Pills are a life preserver. Those who know their qualities feel secure in their health and faculties being preserved to them to an indefinite period. They are equally good in all kinds of disease, no matter how called, because they cannot be used without taking out impurities from the blood, and perseverance will cause its perfect purification, and no disease can be present when the blood is pure. I have been afflicted for many years with the Piles, and have tried various remedies, but with no beneficial effects. Indeed, I began to consider R. ROBY'S BRAZILIAN HAIR my case hopeless. But, about the first of September last, I was prevailed upon by a friend to make a triwhich will cause the Hair to curl most beautifully, al of the above named medicine; I took his advice, and rejoice to say that I am not only relieved, but as I believe, perfectly cured. years I have been afflicted with Piles, general Debility, and Inflammation, causing tumors and prolapsus of the bowels, and which had resisted all the medical treatment Dr. Chapman and others could give. The last three years of that time my sufferings defy description. I was confined to bed unable to help myself, and at last given up by my physicia's and friends in despair of ever gaining my health; in fact, for a time before I commenced using Dr. Upham's Electuary, I was entirely speechless, and my burial clothes were made. But under the beneficent mercies of Providence, and the use of Dr. Upham's Electuary, though an old MAN, I have the pleasure of stating the fact to the public that my health is now good, and I hope to live many years, if it is God's will, to make known the virtues of Dr. Upham's Electuary, and to recommend it to my afflicted fellow creatures. It helped me beyond the expectations of all who knew my case, and I can only say to others, that it is in my opinion, the best medicine in the world for Caps. Piles, or any other disease of the bowels; and if they will use it according to the directions, I will myself warrant a cure, in every case. Yours, with the utmost expression of thankfulness,

Compound Syrup of Naphtha. OT ONLY A POSITIVE BUT A WARRANTED CURE FOR CON-SUMPTION AND ALL OTHER DISEASES OF THE LUNGS!

M. A. F. HARRISON, 147 Greenwich-Street, New York. SOLE AMERICAN AGENT.

HE success which has attended HASTINGS NAPHTHA SYRUP, in Decline, Consumption, Spitting of Blood, Asthma &c, since its introduc-tion into the United States, fully equals what it met with in Europe. Its use has been adopted in nearly all our large hospitals; and the most eminent of our physicians have written highly favorable notices of it and patronise it extensively in their private practice. Indeed, they have almost abandoned all other remedies for the usual diseases of the lungs; and a single case has not yet been reported in which it has failed o give satisfaction and relief. If the reader is at all uclined to Consumption, or affected with any of the diseases which are likely to produce it, let him love no time in procuring a bottle of HASTINGS' NA-PHTHA SYRUP, and one or two doses will satisfy him of its surprising virtues, and that a short continuance of its use will restore him to health; for it not only cures in a brief period, but gives relief, and a warrant of its excellence, and mastery over the disease, in a few minutes after it is received into the system. Hence Sir James Clarke, the Court physiand unmistakeable energy of its operations, no
