THE WORLD'S ILLATION!

BY DR. UPHAM'S VEGETABLE ELECTUARY.
The great sensation which was created among the Medical Faculty, and throughout the civilized world, by the announcement of Dr. Upham's Electuary, for the Cure of Piles, (a Disease that resisted all former Medical treatment) has settled down into a thorough confidence, that it is a positive and speedy cure in all cases of the Piles, either Bleeding or Blind, External or Internal, and also for all diseases of the Stomach, and Bowels, such as
SEVERE AND HABITUAL COSTIVENESS, DYSPEPSIA, LIVER COMPLAINT, INFLAMMATION OF THE SPLEEN, KIDNEY'S, BLADDER, BOWELS, AND SPINE, ULCERATION OF THE INTESTINES; FLOW OF BLOOD TO THE HEAD, &c.; AND FOR THE RELIEF OF MARRIED WOMEN.
The Symptoms, Cause and Nature of the Piles, together with its conjunctive diseases, will be found in the pamphlets, to be had of all agents and dealers gratis.

Voluntary Certificate.

UNITED STATES MARSHALL'S OFFICE,
New York, Dec. 26, 1847. 3
Messrs Wyatt and Ketchum: Gentlemen—Understanding that you are the General Agents for the sale of Dr. Upham's Vegetable Electuary, for the cure of the Piles, I have deemed it my duty to volunteer a recommendation in behalf of that invaluable medicine. I have been afflicted for many years with the Piles, and have tried various remedies, but with no beneficial effects. Indeed, I began to consider my case hopeless. But, about the first of September last, I was prevailed upon by a friend to make a trial of the above named medicine; I took his advice, and rejoice to say that I am not only relieved, but I believe, perfectly cured. I most earnestly recommend it to all who may have the misfortune to be afflicted with that annoying and dangerous disease.
Very respectfully,
Your obt' servant,
ELY MOORE.

REMARKABLE CURE OF PILES—THIRTY YEARS STANDING!!

Messrs. WYATT & KETCHUM: Gentlemen—For 30 years I have been afflicted with Piles, general Debility, and Inflammation, causing tumors and prolapsus of the bowels, and which had resisted all the medical treatment Dr. Chapman and others could give. The last three years of this time my sufferings defy description. I was confined to bed unable to help myself, and at last given up by my physicians and friends in despair of ever gaining my health; in fact, for a time before I commenced using Dr. Upham's Electuary, I was entirely speechless, and my burial clothes were made. But under the beneficent mercies of Providence, and the use of Dr. Upham's Electuary, though an old man, I have the pleasure of stating the fact to the public that my health is now good, and I hope to live many years, if it is God's will, to make known the virtues of Dr. Upham's Electuary, and to recommend it to my afflicted fellow creatures. It helped me beyond the expectations of all who knew my case, and I can only say to others, that it is in my opinion, the best medicine in the world for Piles, or any other disease of the bowels; and if they will use it according to the directions, I will myself warrant a cure in every case.
Years, with the utmost expression of thankfulness,
CORNELIUS SPUR.

BRANDRETH'S PILLS:

The effect of this celebrated medicine is to purify the blood, to convert the poor, corrupt blood, into healthy blood. And it is because of this that they are so readily sought after by all classes of our citizens who have required medicine. And it is because of the power Brandreth Pills are now known to possess as health-restorers, that renders them so popular.
They cure all affections, simply because they make the blood pure—abstract out of it those qualities which produce disease, and give to it those qualities which produce health.
Now every solid part of the human frame is made from the blood, and the food we eat is converted into blood to supply the waste our bodies are continually sustaining. So in the ordinary course of nature we manufacture our entire bodies in about nine years from the food taken into our stomachs. Suppose the blood made in this stomach of ours is un sound, impure, occasioned by some cause or other; it may refer to the preceding generation; no matter, we make impure blood, and if so cannot be healthy. Or suppose the air we have lived in for some time has been loaded with matters detrimental to health, or our food for a long period has been of an unwholesome kind, or that the mind has been much troubled—for grief, anxiety, or great attention to any particular point, or to capricious bad effects on the blood. Any of these causes existing good blood cannot be supplied to the body.
But let Brandreth's Pills be used daily under these circumstances in doses of from two to six pills, or as the cases shall determine. What is their effect? It is to carry off the impure matters from the blood, leaving only the good to renew every part of the body.
What was un sound now becomes sound, and the stomach soon gets into its healthy condition that it used to be in. The body, for a time, is unable to injure the health materially. Even when the climate or food continue unhealthy, the occasional use of the Brandreth Pills will separate the impure parts and cause their expulsion, leaving what is good to supply life and strength to the body.
When the bones are diseased, when every ramification of the frame is out of order, the Brandreth Pills will in nineteen cases out of twenty cure. Remember that the body can be entirely renewed from the food, bones and all; and aided by this most beneficial medicine, in quarter of the time it takes in the ordinary course of nature, in from two to four years a entirely new healthy body can be exchanged for the un sound, the diseased, the miserable one. The swiftness of quickness of the change altogether depending upon the effect the Brandreth Pills are made to produce; which effect can be graduated just as the patient pleases. No possible injury can result from its use; nothing but good can follow. Enquire the effect of Brandreth's Pills among your medical friends, and you will hear sufficient to satisfy you that there is no risk in making the trial, and that you will not be doing yourself justice without it.
When a year or two is once rax nothing in the shape of food will hardly come amiss; nothing will act upon your stomach; you may eat pie, or anything else in reason; and the greater variety of food the better blood is made. All who have weak stomachs, who are dyspeptic, or in any way afflicted in body, should without delay resort to Brandreth's Pills, which will indeed strengthen the life principle, and perseverance with them, entirely renew the whole body; the materials now in it, will be kept to the use and replaced, and removed. Good blood cannot be made but by food, but food is in vain, if the Brandreth's Pills are not used to purify the blood.
The method of preparing the Brandrethian Vegetable Extract is secured by Letters Patent of the United States—Patent granted to Benjamin Brandreth, 20th January, 1843.
The extracts of which Brandreth's Pills are composed are obtained by this new patent process, without boiling or any application of heat. The active principle of the herbs is thus secured, the same as it is in the living vegetable.
The public should be cautious of medicines recommended in advertisements stolen from me.
A sure test of genuine Brandreth Pills: Examine the box of pills; then look at the certificate of agents, which are printed on the box, and which are signed by every authorized agent must possess; if the three labels on the box agree with the three labels on the certificate, the pills are true—if not, they are false.
The Pills are sold at 25 cents per box, at No. 241 Broadway, 274 Bowery, and 241 Hudson Street, New York; at Boston, 8 Market Street, Newburyport, and by 20,000 agents in the United States and Canada, whose certificates and pills should be carefully examined before purchase is made.
The above Pills are on sale by **WILL PECK,** Raleigh, N. C. Price 25 cents per box.

Dr. A. F. Cooper's Spine-Abdominal Supporters.

THE Subscriber has on hand a supply of the above valuable supporters, which are recommended for all persons afflicted with muscular debility, Round shoulders, or prostrated Uterus.
Prof. Moore thinks they are very well adapted for some varieties of incipient spinal distortions, as they afford the useful combination of shoulder braces and Abdominal supporter, with verified support to the spinal column.
The above braces are recommended by the Physicians generally, who have seen them, and we have sold a number to citizens of this place, who are highly pleased with them.
A gentleman observed a few days since, that he had been wearing a very celebrated body brace for some time, and that he would not give one of the above, for fifty such.
"They need no puffing as they speak for themselves."
The above Supporter is an improvement on Dr. E. CAJON's celebrated Spine-Abdominal Supporter. Jan. 12, 1848. (Standard.) 4

The expressions rich blood, and poor blood, have a scientific basis.

The rich blood, and the poor blood, have a scientific basis. The rich blood is the result of a healthy system, and the poor blood is the result of a diseased system. The rich blood is the result of a healthy system, and the poor blood is the result of a diseased system.

The method of preparing the Brandrethian Vegetable Extract is secured by Letters Patent of the United States—Patent granted to Benjamin Brandreth, 20th January, 1843.
The extracts of which Brandreth's Pills are composed are obtained by this new patent process, without boiling or any application of heat. The active principle of the herbs is thus secured, the same as it is in the living vegetable.

BRANDRETH'S PILLS:

The effect of this celebrated medicine is to purify the blood, to convert the poor, corrupt blood, into healthy blood. And it is because of this that they are so readily sought after by all classes of our citizens who have required medicine. And it is because of the power Brandreth Pills are now known to possess as health-restorers, that renders them so popular.
They cure all affections, simply because they make the blood pure—abstract out of it those qualities which produce disease, and give to it those qualities which produce health.
Now every solid part of the human frame is made from the blood, and the food we eat is converted into blood to supply the waste our bodies are continually sustaining. So in the ordinary course of nature we manufacture our entire bodies in about nine years from the food taken into our stomachs. Suppose the blood made in this stomach of ours is un sound, impure, occasioned by some cause or other; it may refer to the preceding generation; no matter, we make impure blood, and if so cannot be healthy. Or suppose the air we have lived in for some time has been loaded with matters detrimental to health, or our food for a long period has been of an unwholesome kind, or that the mind has been much troubled—for grief, anxiety, or great attention to any particular point, or to capricious bad effects on the blood. Any of these causes existing good blood cannot be supplied to the body.
But let Brandreth's Pills be used daily under these circumstances in doses of from two to six pills, or as the cases shall determine. What is their effect? It is to carry off the impure matters from the blood, leaving only the good to renew every part of the body.
What was un sound now becomes sound, and the stomach soon gets into its healthy condition that it used to be in. The body, for a time, is unable to injure the health materially. Even when the climate or food continue unhealthy, the occasional use of the Brandreth Pills will separate the impure parts and cause their expulsion, leaving what is good to supply life and strength to the body.
When the bones are diseased, when every ramification of the frame is out of order, the Brandreth Pills will in nineteen cases out of twenty cure. Remember that the body can be entirely renewed from the food, bones and all; and aided by this most beneficial medicine, in quarter of the time it takes in the ordinary course of nature, in from two to four years a entirely new healthy body can be exchanged for the un sound, the diseased, the miserable one.
