Messrs. The last three years of this time my suffering, daily description. I was confined to bed unable to help myself, and at last given up by my physicians and friends in despair of ever gaining my health; in fact, for a time before I commenced using Dr. Upham's Electuary, I was entirely speechless, and my burial clothes were made. But under the beneficent mercies of Providence, and the use of Dr. Upham's Electuary, though an old man, I have the pleasure of stating the fact to the public that my health is now good, and I hope to live many years, if it is God's will, to make known the virtues of Dr. Upham's Electuary, and to recommend it to my afflicted fellow creatures. It had no effect beyond the expectations of all who knew my case, and I can only say to others, that it is in my opinion, the best medicine in the world for Piles, or any other disease of the bowels; and if they will use it according to the directions, I will myself warrant a cure, in every case.

### THE WORLD'S ILLATION!

THAT THE PILLS IS DISARMED OF ITS TERRORS, BY DR. UPHAM'S VEGETABLE ELECTUARY.

**Voluntary Certificates.**  
UNITED STATES MARSHALL'S OFFICE, }  
New York, Dec. 26, 1847. }  
Messrs Wyatt and Ketcham: Gentlemen—Understanding that you are the General Agents for the sale of Dr. Upham's Vegetable Electuary, for the cure of the Piles, I have deemed it my duty to voluntarily a recommendation in behalf of that invaluable medicine. I have been afflicted for many years with the Piles, and have tried various remedies, but with no beneficial effects. Indeed, I began to consider my case hopeless. But, about the first of September last, I was prevailed upon by a friend to make a trial of the above named medicine; I took his advice, and rejoice to say that I am not only relieved, but I believe, perfectly cured. I most earnestly recommend it to all who may have the misfortune to be afflicted with that annoying and dangerous disease.  
Very respectfully,  
Your old servant,  
ELY MOORE.

**BRANDRETH'S PILLS:**  
The effect of this celebrated medicine is to purify the blood, and strengthen the poor, corrupt blood, to healthy, rich blood. And it is because they do this that they are so steadily sought after by all classes of our citizens who have required medicine. And it is, because of the power Brandreth Pills are now known to possess as health-restorers, that renders them so popular.  
They cure all affections, simply, because they make the blood pure—abstract out of it those qualities which produce disease, and give to it those qualities which produce health.  
Now, every solid part of the human frame is made from the blood, and the food we eat is converted into blood to supply the waste our bodies are continually sustaining. So in the ordinary course of nature we manufacture our entire bodies in about nine years from the food taken into our stomachs. Suppose the blood made in this stomach of ours is unsound, impure, occasioned by some cause or other; it may refer to the preceding generation; no matter, we make impure blood, and if so cannot be healthy. Or suppose the air we have lived in for some years has been loaded with matters detrimental to health, as our food for a long period has been of an unwholesome kind, or that the mind has been much troubled—for grief, anxiety, or great attention to any particular point is sure to occasion bad effects on the blood. Any of these causes existing good blood cannot be supplied to the body.  
But let Brandreth's Pills be used daily under these circumstances in doses of from six to six pills, or as the directions determine. What is their effect? It is to carry off the impure matters from the blood, leaving only the good to renew every part of the body. What was unsound now becomes sound, and the stomach soon gets into so healthy condition that even bad air or unwholesome food for a time are unable to injure the health materially. Even when the climate or food continue unhealthy, the occasional use of the Brandreth Pills will separate the impure parts and cause their expulsion, leaving what is good to supply and strengthen the body. It purifies the blood when the bones are diseased, when every ramification of the frame is out of order, the Brandreth Pills will in nineteen cases out of twenty cure. Remember that the body can be entirely re-made from the food bones and all; and aid by this most beneficial medicine, in quarter of the time it takes in the ordinary course of nature. In from two to four years an entirely new healthy body can be exchanged for the unsound, the diseased, the miserable one. The slowness or quickness of the change altogether depending upon the effect the Brandreth Pills are made in the patient's system. No possible injury can result from this; nothing but good can follow. Enquire the effect of Brandreth's Pills among your unprejudiced friends; you will hear sufficient to satisfy you that there is no risk in making the trial, and that you will not be doing yourself justice without it.  
When your blood is once rick nothing in the shape of food will hardly do you any harm; nothing will cause you to sweat, or to feel any pain, or any itching in reason; and the greater variety of food the better blood is made. All who have weak stomachs, who are desiccated, or in any way afflicted by bile, should without delay resort to Brandreth's Pills—which will indeed strengthen the life, principle, and by perseverance with them, entirely renew the whole body; the materials now in it, will be kept so; no more bad humors and removed. Good blood cannot make bad bone or bad flesh. And bear in mind, the Brandreth's Pills surely purify the Blood.  
The method of preparing the Brandrethian Vegetable Extracts is secured by Letters Patent of the United States—Patent granted to Benjamin Brandreth, 20th January, 1843.  
The extracts of which Brandreth's Pills are composed are obtained by this new patent process, without boiling or any application of heat. The active principle of the herbs is thus secured, the same as it is in the living vegetable.  
The public should be cautious of medicines recommended in advertisements abroad from one.  
A sure test of genuine Brandreth Pills: Examine the box of pills; then look at the certificate of agency, whose engraved date must be within the year, which every authorized agent must possess; if the three labels on the box agree with the three labels on the certificate, the pills are true—if not, they are false.  
The Pills are sold at 25 cents per box, at No. 241 Broadway, 274 Bowery, and 241 Hudson street, New York. Mrs. Booth, 5 Market street, Brooklyn; and by 20,000 agents in the United States and Canada, whose certificates and pills should be carefully examined before purchase is made.  
The above Pills are on sale by WILL PECK, Raleigh N. C. Price 25 cents per box.

### Dr. A. F. Cooper's Spino-Abdominal Supporters.

THE Subscribers have on hand a supply of the above valuable supporters, which are recommended for all persons, afflicted with muscular debility, Round shoulders, or prolapsus Uteri.  
Prof. Morr thinks they are very well adapted for some varieties of incipient spinal distortions, as they afford the useful combination of shoulder brace and Abdominal supporter, with very decided support to the spinal column.  
The above braces are recommended by the Physicians generally, who have seen them, and we have sold a number to citizens of this place, who are highly pleased with them.  
A gentleman observed a few days since, that he had been wearing a very celebrated body brace for some time, and that he would not give one of the above, for fifty such.  
"They need no puffing as they speak for themselves."

### HASTINGS' Compound Syrup of Naphtha.

NOT ONLY A POSITIVE BUT A WARRANTED CURE FOR CONSUMPTION AND ALL OTHER DISEASES OF THE LUNGS!  
M. A. F. HARRISON, 127 Greenwich-Street, New York.  
SOLE AMERICAN AGENT.

THE success which has attended HASTINGS' NAPHTHA SYRUP, in Decline, Consumption, Spitting of Blood, Asthma &c., since its introduction into the United States, fully eq. all what it met with in Europe. Its use has been adopted in nearly all our large hospitals; and the most eminent of our physicians have written highly favorable notices of it, and patronized it extensively in their private practice. Indeed, they have almost abandoned all other remedies for the usual diseases of the lungs; and a single case has not yet been reported in which it has failed to give satisfaction and relief. If the reader is at all inclined to Consumption, or affected with any of the diseases which are likely to produce it, let him lose no time in procuring a bottle of HASTINGS' NAPHTHA SYRUP, and one or two doses will satisfy him of its surprising virtues, and that a short course of its use will restore him to health; for it not only cures in a brief period, but gives relief, and a warrant of its excellence, and mastery over the disease, in a few minutes after it is received into the system. Hence Sir James Clarke, the Court physician, remarks that "in consequence of the brisk and unmistakable energy of its operation, no medicine has so much the confidence of patients as Hastings' Compound Syrup of Naphtha."

In confirmation of the above, we annex the following certificates, selected from a large number now in the office of the American agent.  
SILVER LAKE, Oct. 30th, 1847.  
Dr. HARRISON—Sir: I herewith send you ten dollars, and expect that you will send twelve bottles of "Hastings' Compound Syrup of Naphtha." I wish it sent by Livingston & Fargo's Express, via Buffalo and Detroit, to Ann Arbor—to James Hill, care of Edward Clark.  
JAMES W. HILL.  
I will just say that the bottle sent for by Jacob M. Merrithew of this place, proved to him every thing he anticipated, or that is recommended, and five dollars of the above is for him and the other five for my wife and a young man of this neighborhood. Merrithew's case as seen a bad one. Much has been said by physicians and medicine, and nothing has given him hope until he took the Bottle of "Hastings' Naphtha Syrup." Would a brief statement of his case be beneficial to you, I will draw it up and forward it. When you receive this, please drop me a line stating that fact as I am sixteen miles from Ann Arbor.
